A Message from the President

Choosing a college can be intimidating and confusing in today’s world of technology and intense competition. The institution that is the largest, has an aggressive recruiting program, and offers the most scholarships is not necessarily your best fit. CCC doesn’t compete well in those areas. However we do score well in several other areas that I consider to be more important.

Accreditation is a vital consideration if you are applying for Pell grants, student loans, or plan to transfer to another Christian college, university or seminary. Not every Christian college is accredited, but California Christian College’s accreditation dates back to 1999.

Affordability is extremely important to many families. CCC is included in the US Dept. of Education list of lowest tuition costs for private-not-for-profit colleges. The cost of attendance at CCC is less than half that of the national average for private-non-profit institutions.

Application is another critical component of Christian education. We embrace and promote traditional family values and applied Christianity that is lived out in the home and society. Christianity is not a religion but a relationship and a lifestyle. All students and personnel are required to engage in Christian service. Through Care Fresno students may engage in after-school programs right here on campus and participate in community service projects to impact our needy neighborhood.

But I believe the most important consideration is an institution’s anchor, its view of Holy Scripture. CCC is anchored in the historic conviction that the Bible is the inspired, infallible, inerrant and authoritative Word of God. That means the cardinal doctrines of the Christian faith form the bedrock of instruction in the classroom.

California Christian College is an institution where faith and practice are expected to unite to create a contagious Christianity powerful enough to change lives and impact society. If that describes your heartbeat, then check us out.

Rejoicing in Him,

Wendell Walley

President

Location, Transportation, and Entertainment

California Christian College is located on the corner of University and Winery avenues in Fresno, California. The campus property was once an olive and orange plantation. The former plantation facilities have been converted into administrative and cafeteria space. The administration building is registered with the Fresno Historical Society. Other buildings purchased from a Fresno elementary school were moved to the property in the late 1960s and early 1970s. These buildings house classrooms, faculty offices, the Cortese Library, and an auditorium. A chapel, dormitory, and gymnasium have been constructed on campus. CCC is located less than a mile southwest of the Fresno-Yosemite International Airport. Bus service is available within one block north, south, and west of the campus. The Discovery Center, an educational, hands-on science facility, is located across the street from the campus. Several restaurants are within walking distance, and four hotels are less than a mile from the College.

Fresno, with a population exceeding one-half million residents, is the fifth largest city in California. It is the leading metropolitan area in California’s central San Joaquin Valley and serves as the county seat for the most productive agricultural region in the world. It is home to numerous businesses and commercial enterprises. The area is noted for its moderate climate, its ethnic diversity, and its proximity to many nearby attractions. The Sierra Nevada Mountains, often snow-capped, provide spectacular views on winter days. In addition, they offer numerous lakes for recreational use, plus a full array of such outdoor activities as snow skiing, hunting, hiking, fishing, camping, and sight-seeing. Three national parks – Yosemite, Kings Canyon, and Sequoia – are just over an hour away by car. Even the Pacific Ocean, with its incomparable beaches and breathtaking vistas, is less than three hours away. Fresno’s California State University is the home of the Bulldogs and their nationally recognized athletic program. The Save Mart Center on the Fresno State campus is one of the leading venues for concerts and conferences in the nation. The Fresno Grizzlies, the San Francisco Giants’ AAA minor league baseball team, plays at Chukchansi Park in downtown Fresno. Fresno is also home to indoor football and hockey teams. The Fresno Art Museum, the Metropolitan Museum, the Chaffee Zoo, the Botanical Gardens at Woodward Park, the Underground Gardens, the Blossom Trail – these and many other attractions provide numerous recreational and entertainment opportunities for people in the Fresno area. The greater Fresno area is also home to almost 500 churches, providing abundant opportunities for worship and ministry.

Publications

The Catalog is published annually by the academic office. The catalog is available upon request for $3.00 plus shipping and handling.

The Student Handbook is published annually by the student development department. Campus life information and regulations are published in this handbook.

History of the College

California Christian College was born from the vision of forty-eight Free Will Baptist congregations in 1955. Churches in the western United States found trained pastors to be in short supply. CCC was established to address this need. The first classes were held in the First Free Will Baptist church of Richmond, CA. After the first semester, Sherwood Forest Free Will Baptist Church of El Sobrante also shared in hosting classes. During its early years, the school was known as California Bible Institute (CBI).

In 1965, CBI relocated to the First Free Will Baptist Church of Fresno to be more centrally located for its constituents. That same year, the current campus of approximately five acres was purchased. During the 1966-67 school year, the name was changed to California Christian College and a four-year Bachelor of Arts program was initiated. Today the college reflects the ethnic and denominational diversity of the Evangelical community at large and especially the Evangelical community in the central San Joaquin Valley. Numerous buildings have also been added on campus to the serve the needs of the institution at its 4881 East University location.
GENERAL INFORMATION

Denominational Character

CCC is owned and operated by the California State Association of Free Will Baptists. A Board of Trustees comprises the ruling body. The president is the administrative officer of the college under the Board of Trustees. CCC, its governing board, administration, staff, and faculty are in agreement with and committed to the theological position as stated in A Treatise of the Faith and Practices of the Original Free Will Baptists, published by the National Association of Free Will Baptists. CCC draws students from many denominational backgrounds. Those who hold doctrinal perspectives which differ with those of Free Will Baptists may rest assured that, while a doctrine that is distinctive to the denomination may surface occasionally, non-Free Will Baptist students and their doctrinal position(s) will be treated with respect and in a Christ-like manner.

Financial Support

Most students at California Christian College receive Federal and/or State Student Financial Aid. However, the College depends heavily upon Free Will Baptist individuals, churches, and the California State Association of Free Will Baptists for financial support. These resources and a growing list of supporters outside California provide the basic support for the educational ministry of CCC.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS EARNED AT OUR INSTITUTION

The transferability of credits you earn at California Christian College (CCC) is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the Bachelor or Associate program is also at the complete discretion of an institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending CCC to determine if your credits or degree will transfer. Credits from CCC are being accepted by a growing number of regionally accredited colleges and universities. Students generally find little difficulty transferring to other Christian colleges and universities. Contact the Registrar for the most current list of schools where our students and graduates have transferred.

Students should understand that, under California Educational Code CCR #71850, no more than 75% of the units of credit applied toward an associate or bachelor’s degree may be derived from a combination of units earned at other institutions.
Mission Statement (revised 7/01; 10/02; 2/12)
The mission of California Christian College is to offer academic programs that develop Christian leaders to serve Christ both in the Church and in society.

Purpose Statement (revised 7/01; 10/02)
The constituency and ownership of California Christian College, the California State Association of Free Will Baptists, and CCC alumni have clearly articulated their desire for CCC to establish Christian ministry programs for the purpose of developing capable Christian leaders to serve Christ both in the Church and in society. The college seeks Christian students who are serious about Christian education, doing the will of God, and preparing for church-related ministries, either on the lay or professional level.

The college is committed to upholding the cardinal doctrines of the traditional Christian faith, the distinctives of the sponsoring denomination, and the belief that Christian education must deal with the moral, social, spiritual, and academic dimensions of the student. The AA and BA programs emphasize the following:
1. A major in Bible and Christian ministry as the heart of each educational program,
2. A Biblical-Christian worldview as the integrating factor for the entire curriculum,
3. Biblical standards of morals and ethics, and
4. The concept that all students are preparing for Christian living and service.

Objectives (revised 7/01; 11/02, 2/12; 9/12)
The general objectives expressed below indicate qualities California Christian College regards as generally essential for effective Christian service. Therefore, it is the objective of the College to provide the necessary educational environment, instructional resources, and practical experiences so that graduates, within the framework of individual God-given personality, potential and abilities, may be reasonably expected to demonstrate the following:
1. A broad comprehension of the Bible.
3. An informed mind demonstrated through critical thinking.
4. Christian character demonstrated through academic integrity, responsible stewardship of time and resources, and support of the college community.
5. Strong verbal and written communication skills.

Responsibility for Meeting Objectives:
All functions of the institution relate directly to the objectives of the educational program conceived to carry out the mission. Thus the role of all divisions, even those not directly educational, is that of means to an end—as in the following examples:

The Admissions office strives to admit students whose interests are appropriate to the College’s mission and who are capable of benefiting from one of its programs.

The Administrative division functions to enable the educational program to be effective by hiring qualified personnel, promoting appropriate job training and continuing education, and ensuring the accomplishment of the College’s Mission and Objectives.

The Student Services staff works to foster the development of students toward the maturity required for Christian service.

The Christian Services Department promotes and helps to provide required practical experience that complements classroom learning.

The Library strives to provide access to the information necessary to support the educational program.

Those involved in fund-raising seek to provide the financial resources necessary for the educational program to achieve its objectives.

Those who oversee Physical Facilities have as their purpose to provide buildings and grounds that facilitate the educational program.
Every faculty member is required to develop each course syllabus to reflect the college’s Mission and Purpose Statements.

Students should support the objectives of the College and apply themselves to the various intellectual and practical opportunities made available to them by the college for the development of their academic and ministry skills. Students must also faithfully and honestly participate in assessment programs to assist the College in measuring the accomplishment of its objectives.

Philosophical Statement
California Christian College holds the conviction that:
1. The Bible is the plenary and verbally inspired Word of God.
2. These Holy Scriptures are without error in their original manuscripts.
3. The Bible is infallible, inerrant, trustworthy, and authoritative in all it teaches.

Therefore, we believe that the Bible is:
1. The only source of all truth, and that all genuine truth is certainly and fully grounded in the Bible.
2. The only sure foundation upon which all true knowledge can rest.
3. The only accurate standard by which all subjects must be evaluated and taught.

Hence, the Bible is the central integrating factor of the total educational process. All genuine truth is based upon and unified by the uniquely revealed Word of God.

California Christian College holds to a holistic theology of education. By this we mean that:
1. We are held responsible for, and endeavor to teach all subjects whether of the humanities, sciences (both natural and social), the arts, and/or Biblical and Church-related subjects in light of Scriptural truth.
2. We are held responsible for maintaining the Biblical pattern of spiritual, intellectual, emotional, physical, and social development of our students as we help them develop as well-adjusted persons. This we are to do in all our academic, spiritual, and social events.
3. We are determined to make sure that all courses are taught from the perspective of our educational philosophy. This will be insured on two levels: first, through Faculty training; second, in our course syllabi.

Biblical Foundations Statement
1. We believe the Scriptures of the Old and New Testament were given by inspiration of God and are our infallible rules of faith and practice.
   a. We believe in the plenary verbal inspiration of the Bible. By plenary we mean “full and complete.” We hold that all parts of the Bible are inspired and that inspiration extends to all its subjects. By verbal we mean that inspiration extends to the very words of the Scriptures, not just the thoughts and ideas expressed by human authors.
   b. We believe the Scriptures are infallible and inerrant. The Bible is without error and is trustworthy in all its teachings, including cosmogony, geology, astronomy, anthropology, history, chronology, etc., as well as in matters of faith and practice. Being the very word of God, it is God’s final revelation and our absolute authority.
2. We believe there is one living and true God, revealed in nature as the creator, preserver, and the Righteous Governor of the universe; and in the Scriptures as Father, Son, and Holy Spirit; yet as one God, infinitely wise and good, whom all intelligent creatures are supremely to love, adore, and obey. We believe in the Triune God.
3. We believe Jesus Christ is God manifest in the flesh; in His divine nature truly God, in His human nature truly man; the mediator between God and man, once crucified, He is now risen and glorified, and is our ever present Savior and Lord.
4. We believe in the Holy Spirit and that the Scriptures assign to Him all the attributes of God. This third person of the Godhead guides, knows, moves, gives information, commands, forbids, sends forth, reproves, and can be sinned against. He convicts, regenerates, indwells, seals all believers in Christ, and fills all who yield to Him. The Holy Spirit gives spiritual gifts to all believers; even so, the manifestation of any particular gift is not required as evidence of salvation.
5. We believe God exercises a wise and benevolent providence over all beings and all things by maintaining the constitution and laws of nature. He also performs special acts, not otherwise provided for, as the highest welfare of humanity requires.
6. We believe man was created innocent, but by disobedience fell into a state of sin and condemnation. His posterity, therefore, inherits a fallen nature of such tendencies that all who come to years of accountability sin and become
guilty before God.

a. God, by His own special act, created the universe and all that is in it in six literal days of the creation week.

b. God created man, consisting of a material body and a thinking, rational soul. He was made in the image of God, to glorify his Maker. Adam and Eve are our first parents whom God specifically created.

7. We believe the Son of God by His incarnation, life, sufferings, death, and resurrection affected for all, redemption from sin that is full and free, and is the ground of salvation by faith.

8. We believe the conditions of salvation are:

a. A “godly sorrow which produces repentance to salvation” (2 Corinthians 7:10).

b. Faith or unreserved committal of oneself to Christ as Savior and Lord with purpose to love and obey Him in all things. In the exercise of saving faith, the soul is renewed by the Holy Spirit, freed from the dominion of sin, and becomes a child of God.

c. Continuance in faith and obedience unto death.

d. Personal salvation from the eternal penalty of sin is provided solely by the grace of God on the basis of the atoning death and resurrection of Jesus Christ, to be received solely through personal repentance of sin and faith in His Person and Work.

9. We believe God determined from the beginning to save all who should comply with the conditions of salvation. Hence by faith in Christ men become His elect.

10. We believe the human will is free and self-controlled, having power to yield to the influence of the truth and the Spirit, or to resist them and perish.

11. We believe God desires the salvation of all, the Gospel invites all, the Holy Spirit strives with all, and whosoever will may come and take of the water of life freely.

12. We believe all believers in Christ, who through grace persevere in holiness to the end of life, have promise of eternal salvation.

13. We believe that Baptism, or the immersion of believers in water, and the Lord’s Supper, are ordinances to be perpetuated under the Gospel. Feet washing, as an ordinance, teaching humility, is a universal obligation, and is to be ministered to all true believers.

14. We believe God commanded tithes and offerings in the Old Testament; Jesus Christ endorsed it in the gospel (Matthew 23:23), and the apostle Paul said, “Upon the first day of the week let every one of you lay by him in store, as God hath prospered him” (1 Corinthians 16:2a).

15. We believe the divine law requires that one day in seven be set apart from secular employment and amusements, for rest, worship, holy works and activities, and for personal communion with God.

16. We believe in the personal, malevolent being called Satan who acts as tempter and accuser, for whom the place of eternal punishment was prepared, where all who die outside of Christ will be confined in conscious torment forever.

17. We believe the Lord Jesus, Who ascended on high and sits at the right hand of God, will come again to close the Gospel dispensation, glorify His saints, and judge the world (Acts 1:11).

a. The return of our Lord Jesus Christ will be personal, bodily, and visible.

b. We believe the Scriptures teach the resurrection of all men at the last day. They that have done good will come forth to the resurrection of life, and they that have done evil unto the resurrection of damnation; then the wicked will go away into eternal punishment but the righteous into eternal life.

Moral/Ethical Statement

The statement below expresses California Christian College’s moral and ethical principles. Each student, faculty member and staff member will be required to sign this statement on an annual basis.

❖ As a Christian believing the Bible to be the plenarily and verbally inspired Word of God, and believing it to be infallible and inerrant, I accept it as the final authority in all matters of faith and life.

❖ The Bible teaches godliness of life and holiness of character as the standard of life for every Christian. This is the principle for life and conduct held by California Christian College for its administration, staff, faculty and student body.

❖ Godliness of life and holiness of character involve separation unto God so that one’s life reflects the character, grace, and goodness of God (1 Corinthians 1:31; Colossians 3:17, 23). It involves separation from the world system of living so that one’s life is a distinct witness of the redeeming grace of God, to the end that lost men will come to glorify God (Matthew 5:16; 1 Peter 2:12).

❖ From this perspective, questionable forms and/or places of amusement are not acceptable for faculty, staff, or administration of California Christian College. In keeping with New Testament principles of conduct, faculty, staff and administration of California Christian College must abstain from drinking intoxicants, substance abuse, smoking
and other forms of tobacco use, gambling in any form, dancing, sexual immorality and any other activity which will bring reproach upon the Name of Christ and His Church. New Testament principles of Christian honesty, formality, courtesy and kindness are to be practiced by all California Christian College faculty, staff and administration. Any breach of academic honesty, overt plagiarism, lying, stealing, or any other form of dishonesty will result in disciplinary action. Any violation of local, state or federal statutes will result in dismissal and a report will be made to the appropriate authorities.

- **Human Sexuality**
  1. We believe that God has commanded that no intimate sexual activity be engaged in outside of a marriage between a man and a woman. We believe that any form of homosexuality, lesbianism, bisexuality, bestiality, incest, fornication, adultery, and pornography are sinful perversions of God's gift of sex. Faculty or students found to be in violation of or promoting any of the above sex offenses will have their relationship with CCC terminated. Any report of immorality between school sessions may result in failure for readmission. (Gen. 2:24; Gen. 19:5,13; Gen. 26:8-9; Lev. 18:1-30; Rom. 1:26-29; I Cor. 6:9; I Thess. 4:1-8; Heb. 13:4).
  2. We believe that pornography is defined as any material including photos, drawings, posters, magazines, movies, video games, or items on the internet that display males or females in sexually stimulating positions. This would include nude photos, swimsuit photos, cartoons, hard or soft porn photos, etc.
  3. We believe that the only legitimate marriage is the joining of one man and one woman (Gen. 2:24; Rom. 7:2; I Cor. 7:10; Eph. 5:22-23).
  4. We believe that men and women are spiritually equal in position before God but that God has ordained distinct and separate spiritual functions for men and women in the home and in the church. The husband is to be the leader of the home and men are to be the leaders (pastors and deacons) of the church. Accordingly, only men are eligible for licensure and ordination by the church (Gal. 3:28; Col. 3:18; I Tim. 2:8-15, 3:4-5, 12).

- **Divorce and Remarriage**
  We believe that God hates divorce and intends marriage to last until one spouse dies. Divorce and remarriage is regarded as adultery except on the grounds of fornication. Although divorced and remarried persons or divorced persons may hold positions of service in the church and be greatly used of God for Christian service, they may not be considered for the offices of pastor or deacon (Mal. 2:14-17; Matt. 19:3-12; Rom. 7:1-3; I Tim. 3:2, 12; Titus 1:6).

- **Abortion**
  We believe that human life begins at conception and that the unborn child is a living human being. Abortion constitutes the unjustified, unexcused taking of unborn human life. Abortion is murder. We reject any teaching that abortions of pregnancies due to rape, incest, birth defects, gender selection, birth or population control, or the mental well being of the mother are acceptable (Job 3:16; Psalms 51:5, 139:14-16; Isa. 44:24, 49:1,5; Jer. 1:5, 20:15-18; Luke 1:44).

- **Missions**
  We believe that God has given the Church a great commission to proclaim the Gospel to all nations so that there might be a great multitude from every nation, tribe, ethnic group, and language group who believe the Lord Jesus Christ. As ambassadors of Christ we must use all available means to go to the foreign nations and not wait for them to come to us (Mat. 28:19-20; Mark 16:15; Luke 24:46-48; John 20:21; Acts 1:8; II Cor. 5:20).

- **Lawsuits Between Believers**
  We believe that Christians are prohibited from bringing civil lawsuits against other Christians or the church to resolve personal disputes. We believe the church to possess all the resources necessary to resolve personal disputes between members. We do believe, however, that a Christian may seek compensation for injuries from another Christian's insurance company as long as the claim is pursued without malice or slander (I Cor. 6:1-8; Eph. 4:31-32).

- **Positive holy living and its value will be emphasized at all times.**

**Academic Freedom Policy**
California Christian College is just that – a Christian college. Academic freedom in a Christian college rests upon the Gospel itself as it creates a community in which the Spirit of Christ informs and nudges all human activity. In an effort to maintain our integrity and remain true to our mission, California Christian College hires those qualified instructors who are in agreement with the mission, doctrine, organization, and educational philosophy of the institution. Instructors accepting teaching positions in this college will be considered to be engaging to teach in accordance with, and not contrary to, the basic tenets of the Christian faith as revealed in Holy Scripture. So long as instructors remain faithful to the accepted philosophical, theological, and missiological foundations of this
institution, they are free to teach, research, and publish, subject to the adequate performance of their academic responsibilities as agreed upon with the college.

It is accepted as sound academics to introduce opposing views on a subject and search for truth concerning that issue. In the classroom the instructor has freedom to discuss his or her subject and search for truth about it, but she or he must be careful not to introduce into his/her teaching controversial matters that have no relation to the subject at hand.

A college teacher is a citizen, a member of a learned profession, and an officer of an educational institution. Instructors are free to express and act upon their conscientious convictions as individual citizens. However, they should remember that the public will judge his/her profession and institution by his/her utterances and actions. Therefore:

1. When she or he speaks or writes as a citizen, she or he should be free from institutional censorship or discipline.
2. She or he should strive for absolute accuracy, exercise appropriate restraint, show respect for the opinions of others, and make every effort to indicate she or he is not an institutional spokesperson.

Since this is a Bible college, and we deal with what are often termed eternal issues, it is possible that students may decide that diversity of opinion within a classroom setting is much more serious than it really is. Teachers may even withhold the answer to a question in order to stimulate the students to discussion and serious thought. The following points are good to remember when attending Bible college classes:

1. Strive to enjoy and learn from classroom discussion. Class participation is a part of any course grade, and the student will learn more if she or he is actively involved in the class.
2. Don’t panic. Ask for clarifications if you are having trouble understanding a teacher’s position.
3. Remember some rules of healthy discussion. Bible doctrine almost begs argumentation – and some people learn best when debating. The important issue is maintaining a healthy spirit. Here are some guidelines that will help you maintain and contribute to the academic freedom of California Christian College:
   a. You have permission to disagree with students or teachers within the classroom setting without feeling guilty about it.
   b. You are expected to state your position with strength and clarity.
   c. Protect your instructors and classmates from needless hurt. No name-calling, personal criticisms, discussion of the positions of non-present individuals, or disputation of someone’s sanity or salvation because she or he disagrees with you will be tolerated.
4. Perfection in doctrinal discussions is only approached when all the parties involved, including the instructor, are willing to say, “I don’t know” instead of bluffing.

Nondiscrimination Policy
California Christian College admits students of any race, gender, color, national or ethnic origin to all the rights, privileges, programs and activities generally accorded to or made available to students. It does not discriminate on the basis of race, sex, color, national or ethnic origin in the administration of its educational policies, scholarship programs, or other college-administered programs. The college complies with all applicable federal regulations. The college, as an equal opportunity employer, also hires staff and faculty without discrimination in regard to the above. However, California Christian College reserves the right to, and does, maintain student educational and behavioral standards and employment requirements and standards based upon religious considerations consistent with its role and mission.
Degree Offerings
CCC offers the Associate of Arts degree (A.A.) and the Bachelor of Arts Degree (B.A.) to those who complete prescribed courses of study.

Academic Load
An Associate of Arts degree requires 64 units. A Bachelor of Arts degree requires 128 units, or an additional 64 units beyond the associate degree. Students can obtain the associate degree by attending four semesters (the equivalent of 2 years) and successfully completing a minimum of 16 credit-hours per semester. Students can receive the bachelor degree by attending eight semesters (the equivalent of 4 years) and successfully completing a minimum of 16 credit-hours per semester.

Students must register for a minimum of twelve units each semester to be classified as a full-time. Students desiring to enroll in more than sixteen units during any semester must receive permission in advance from the Vice President for Academic Affairs. Students who must maintain employment during their schooling may be required to enroll in fewer courses than normal and extend their time in college. Elective courses may not apply to program requirements. Students should discuss program requirements with an academic advisor if they have questions.

Classification of Students
Students are classified according to the number of credit hours earned, not the number of years they have been in college:

- Freshman 1 – 32 hours
- Sophomore 33 – 64 hours
- Junior 65 – 96 hours
- Senior 97+ hours

While classification is based on the number of semester units earned, the completion of programs and the reception of degrees are based on the fulfillment of degree requirements.

Unit of Credit
A unit of college credit is calculated as 50 minutes of contact time with the professor in class multiplied by the number of weeks of required attendance. Since CCC semesters last a minimum of 15 weeks, a total of 15 clock hours (15 weeks x 1 unit) is necessary to fulfill the educational requirements for one unit of college credit.

That means a two-unit course requires a minimum of 30 hours; a three-unit course, 45; a four-unit course, 60; and a five-unit course, 75. However, this includes only contact time in the classroom, not the time needed outside of class to complete the work required to negotiate a course successfully. Generally, students should expect to spend a minimum of two hours outside of class for every hour spent in class.

Transfer Credit Limit
The California Educational Code CCR 71770 (b) allows no more than 75% of the units applied toward the associate’s or bachelor’s degree to be derived from credits earned at other institutions. At California Christian College, the maximum number of transfer units allowed toward the Associate of Arts is 48 and toward the Bachelor of Arts is 96.

Veteran’s Transfer Credit
The Veterans Administration requires that VA students receive 4 units transfer credit for military experience, 2 units for health and 2 units for physical education. The credit will be granted at the time the student is accepted for admission to CCC.

Veterans should submit an original DD Form 214, and service personnel on active duty should submit an original DD Form 295 (“Application for the Evaluation of Educational Experiences During Military Service”), certified by a military education officer.

Military courses for which certificates have been received or which appear on the DD214 will be evaluated on the basis of recommendations from the American Council on Education’s Guide to the Evaluation of Educational Experiences in the Armed Services. Courses taken must match course descriptions in the above-mentioned guide. When possible,
certificates for military courses should be included along with the DD214. Lower and/or upper division credit may be awarded.

In order to receive a copy of DD214 or certification of military service, write to:

General Services Administration
National Personnel Records Center
(Military Personnel Records)
9700 Page Boulevard
St. Louis, MO 63132

Air Force Transcripts may be obtained from:

Registrar, Community College of the Air Force
Maxwell AFB, AL 36112-6655.

Army Transcripts documenting military training and experience are available to Army enlisted active-duty personnel and veterans who entered the service on or after October 1, 1981 and must be requested by writing to:

AARTS Operations Center
Ft. Leavenworth, KS 66027-5073

**Advanced Standing**

 CCC does not grant credit for non-collegiate level work. Credit for work done at other colleges may be accepted for transfer if the work is generally equal to the course requirements of CCC. Only courses in which a student earned a grade of “C” or better will transfer for credit.

**Gap Unit Policy**

Students who transfer into CCC from other institutions will be subject to a transcript review. Our program reflects our institutional mission, accreditation requirements, and state and federal educational standards. CCC personnel do everything in their power to help students complete their programs with us, but some courses are required, whether the student has a number of units sufficient to graduate or not.

**Experiential Learning**

California Christian College offers Experiential Learning Credit for qualified students. A maximum of 25% of degree requirements may be fulfilled through Experiential Learning Credit. Any award of credit for prior learning will follow the guidelines of the Council on Adult and Experiential Learning (CAEL). Contact the Vice President for Academic Affairs for details.

**College Level Examination Program (CLEP)**

A maximum of 15 semester units may be granted for successful completion of College Level Examination Program (CLEP) examinations. Three units are awarded for each general examination. Credit awarded for subject examinations is equal to that of the California Christian College course to which it corresponds. Credit is not awarded for examinations when more advanced course work in the subject area has been completed. Information concerning minimum scores, limitations, and procedures is available in the Registrar’s Office.

**Course Challenge**

Courses may be challenged for credit by examination, not to exceed four (4) courses in the B.A. program or two (2) courses in the A. A. program. For each course challenged, students are assessed an examination fee of **$50.00**, in addition to the tuition charges for the course. All fees and tuition charges are applicable and non-refundable, whether or not the course is challenged successfully. Course challenges are evaluated on a pass/fail basis. Request forms for challenging a course are available in the office of the Vice President for Academic Affairs. Registration for course challenges is handled during normal registration periods. Contact the Registrar’s Office for information concerning limitations and procedures.
Activities Units
Students may receive credit for a maximum of four activities units in any area (sports, music, yearbook, practicum, etc.). Units above four taken in these areas may not fulfill either general education or elective requirements. A student may receive four units in each area, but not more than four in each. There are no exceptions to this policy.

Non-Matriculated Students
Non-matriculated students are students taking courses for personal enrichment and for credit, but who are not in a degree program. A maximum of 16 units completed at CCC under this status, with a grade point average of 1.0 or better, may be applied to a degree program at California Christian College.

Auditing Courses
Under certain conditions students may attend classes without accumulating credit toward graduation. Persons capable of completing course assignments for credit should not normally become auditors.

Part-time Students
The term “part-time” describes students registered for less than twelve units at CCC during a single semester.

Continuous Enrollment
“Continuous enrollment” means a student is enrolled in at least one class for credit each semester.

Intensive Courses
1. CCC recognizes that some courses cannot be effectively offered using an intensive format. These include:
   a. Courses requiring an extended amount of time for students to grasp, assimilate, and integrate information;
   b. Courses with reading requirements too demanding to be accommodated in an intensive format;
   c. Courses in which the learning requires immediate supervision and/or one-on-one interfacing with faculty.
      Examples of such courses include:
      (1) Physical education activity courses
      (2) College mathematics
      (3) Natural science courses
      (4) Foreign and/or ancient language courses

2. CCC requires the following adjustments for courses offered in intensive formats:
   a. The course syllabus (prepared in accordance with the format provided in the Faculty Handbook) must be submitted to the Vice President for Academics at least one month prior to the first session of the course.
   b. Textbooks choices must appear in the course syllabus and should include: author name(s), book title, publisher, edition, year of publication, and ISBN.
   c. The syllabus must include an extended course outline, segmented into fifteen distinct units. Attendance must be taken for each segment.
   d. Each course will require preliminary reading with a reading log submitted to the instructor at the first class session. Students will receive a grade for the reading log.
   e. Each course shall include smaller weekly reading assignments designed to assimilate the course time with the material covered in the preliminary reading.
   f. Each course shall include small weekly written assignments and a major written assignment/project due no later than one month from the last course session.
   g. Each course shall include a variety of methodologies designed to integrate student learning and promote student attention span. The following are suggested:
      - Study/research groups in class.
      - Organization of study clusters outside class.
      - In-class demonstrations of methods learned (i.e., computer functions, speech making, study methods, etc.) by students for students.
      - Chapter reports by students.
   h. A recommended intensive course format:
   a. Students require at least one month in advance of the course start date to obtain the syllabus and complete the preliminary reading and projects.
   b. Students enrolling late in the course (such as those enrolling with less than a month before start date, and especially same-day walk-ins) will still be required to complete the preliminary reading and projects. Same-day walk-ins may be granted one week into the course to complete the reading and projects.
   c. No student may be enrolled in an intensive course after the course has begun.
   d. No student may miss more than 20% of any intensive course (that means no more than 3 of the 15 segments). Instructors may not negotiate make-up work for students in these instances.
   e. Students may not take final examinations late for intensive format courses.
   f. Instructors must track student attendance consistently and accurately in Populi.
   g. Grades must be finalized in Populi within five weeks from the conclusion of the course’s final class session.
   h. Course grading scale:
      15% Attendance
      25% Reading
      25% Class projects and assignments
      25% Quizzes and/or Final Examination
      10% Class participation
   i. Instructors must require class time to fulfill all the time scheduled for the intensive course. Students must not be released early. This is a requirement of the Department of Education.
      ➢ A 4-unit class requires 60 contact hours (50 minutes each), meaning 3000 actual minutes (50 clock hours) spent in class.
      ➢ A 3-unit class requires 45 contact hours (50 minutes each), meaning 2250 actual minutes (37.5 clock hours) spent in class.
      ➢ A 2-unit class requires 30 contact hours (50 minutes each), meaning 1500 actual minutes (25 clock hours) spent in class.
      ➢ A 1-unit class requires 15 contact hours (50 minutes each), meaning 750 actual minutes (12.5 clock hours) spent in class.
   j. Students must be required to utilize library resources as a component of their coursework.

Independent Studies (as a General Option to Degree/Student Restrictions)
Under certain conditions a student may take an independent study course not offered by CCC but of special interest and concern to the student. (See HR 450 INDEPENDENT STUDIES IN THE BIBLE. In the student’s written request to the Vice President for Academic Affairs he/she will specify: (1) the specific study to be made, (2) a request for an instructor, (3) the purpose for the study, and (4) a basic outline for the course.

The instructor, the appropriate division chairperson, and the Vice President for Academic Affairs must approve an Independent Study course. The following restrictions control such studies:
• The student must have a cumulative CCC grade point average of 3.0 or greater.
• The student must have completed a minimum of 30 units at CCC including a minimum 26 hours of Bible and Theology courses.
• The student must have a junior or senior level standing.
• The student must have completed at least one semester in a B.A. program at CCC.
• The course must satisfy a requirement for graduation.
 Directed Studies
Directed studies are not generally available for lower division courses, current offerings, or courses offered during the school year immediately preceding or following the current semester, except in the event of extenuating circumstances.

Extenuating Circumstances Regarding Core Courses
Circumstances may necessitate offering a course by directed study to enable a student to complete a degree or remain on target for doing so. Extenuating circumstances may include scheduling conflicts where a student needs two courses offered at the same time or insufficient student population to justify offering the course on the regular schedule. In such cases, the Vice President for Academics may request an instructor consider teaching a directed study course.

Instructor/Student Obligations
If the instructor agrees to teach the course, he/she is obligated to:
- Develop the syllabus and examinations for the course
- Arrange for and adhere to a meeting schedule with the student(s) that provides minimum contact time of 3 hours per unit
- Administer examinations
- Follow the normal attendance and grade reporting procedures
The complete the directed study successfully, the student is obligated to:
- Fulfill the syllabus requirements and pass the examination(s) for the course
- Adhere to the meeting schedule arranged by the instructor.

Cost/Payment Policy for Independent and Directed Studies Courses
Students register for Independent and/or Directed Studies courses during regular registration periods. Both Independent and Directed Studies courses incur a fee of $20 per unit in addition to the normal tuition charge for the course.

The instructor receives $50.00 per unit when approved in advance by the Business Office. Should the student withdraw from the class after the instructor has developed the syllabus, the instructor will retain $50 of the fee charged. CCC will refund its portion of the tuition according to the usual refund pro rata schedule.

Distance Learning
Distance Learning makes available to non-resident students courses similar to those taken by students on the California Christian College campus. This program is designed to meet the needs of pastors and other Christian workers who may not be able to come to the campus for resident study. Students desiring an A.A. or B.A. degree from CCC may use these courses to satisfy degree requirements.

Correspondence Courses
Correspondence courses allow the non-resident student to study at home. A significant portion of work done through correspondence may be applied to a degree program on campus.

Ability to Benefit Policy to Measure Sufficient Academic Progress
A student’s ability to benefit is measured after two semesters in light of the following considerations:
1. Academic Probation. See below.
2. Utilization of Available Services. Any student who has become ineligible should have been made aware of the services offered by the institution:
   - Counseling.
3. Monitoring. The Vice President for Academic Affairs is responsible for following up on specially admitted students. Any student who is experiencing difficulty in any course(s) should be reported to the Vice President for Academic Affairs. Tutoring or other support may be arranged for the student.
4. Class Attendance. (See page 21).
5. Grades and Grade Point Average. Midterm examinations allow instructors to monitor student progress and provide/recommend help while the student still has the opportunity to succeed.
Satisfactory Academic Progress and Academic Probation

Students are expected to make consistent academic progress that will allow them to complete their programs within a reasonable timeframe. All students are expected to maintain a cumulative grade point average (GPA) of 2.00 by mid-sophomore level at CCC (see page 63 for the GPA requirements). Students who fail to meet this standard will be put on academic probation. Students who fail to improve their GPA after being placed on academic probation may face academic suspension. The continuation of academic probation or academic suspension is determined by the Academic Committee based on the student’s current academic performance. Prospective students with a cumulative GPA below 2.00 may be admitted on academic probation. Their progress will be reviewed by the Vice President for Academic Affairs during their first semester with a view to determining their continuation at CCC.

Standards of Progress for Students Receiving Veteran’s Benefits

Students receiving Veteran’s Benefits who are on academic probation for two consecutive semesters will be subject to discontinuance of benefits if their cumulative GPA is less than 2.00.

This directive is separate and apart from the college’s standards for academic dismissal.

Academic Probation and Extracurricular Activities

No student with a GPA below 2.00 may participate in extracurricular activities during the first half of the fall semester. The student will be placed on academic probation. At midterm his/her GPA will be reviewed based on attendance and test scores. If the GPA is 2.00 or higher, he/she will be removed from probation by the Vice President for Academic Affairs, and the student becomes eligible to participate in extracurricular activities.

First-time students entering at spring semester without a 2.00 GPA from high school or another college will be ineligible to participate in any extracurricular activity. If midterm reports indicate that student’s GPA is 2.00 or above, he/she will be eligible for any spring extracurricular activities for which she or he qualifies after that point.

Grading Scale

California Christian College uses a four-point grading system to determine grade point averages. The grade point average may be computed by dividing the total grade points earned by the total number of units attempted. See grading scale below:

**ACADEMIC POLICIES**

**Grade Grievance Policy**
Students should not appeal a grade simply because they are unhappy with the evaluation. Appeals should be based on the reasonable assumption that an error has occurred. It is in the best interest of the instructor, the student, and the College to resolve grade disputes quickly and efficiently. In the event this does not happen, the following Grade Grievance Policy applies:

**Step One:** A student may approach an instructor, informally and directly, concerning a grade grievance within ten working days after the beginning of the next regular semester. The student should make every effort to contact the Instructor during regularly posted office hours. Each student should represent his/her personal grievance and not approach the Instructor on behalf of others who may have a similar grievance. The attitude of the student should be that of a person seeking information or clarification. In no case should the Instructor feel badgered or harassed into making a grade change. Upon reviewing the course requirements and the student’s grade record, should the Instructor decide a change is warranted, an official grade-change form must be completed, signed, dated and filed with the Registrar’s Office within five working days.

**Step Two:** If the student does not receive satisfaction at the Instructor level, a formal written appeal may be made to the Vice President for Academic Affairs within five days after the conclusion of step one. The Vice President for Academic Affairs will review the case to determine if both Instructor and student followed proper procedures in step one. The Vice President for Academic Affairs may determine that a joint meeting with the student and Instructor would be useful, and, if so, arranges for such a meeting to take place. The Vice President for Academic Affairs serves as facilitator and mediator, but not a dictator of grade changes. The Vice President will notify both the Instructor and the student of his findings within five working days.

**Step Three:** If the student does not receive satisfaction at step two, he or she may appeal to the President in writing within five days following the conclusion of step two. The President will review the case and make a ruling within five working days.

**Step Four:** If the problem still has not been resolved, and the grieving party still wishes to pursue the matter, it then becomes a paternal responsibility. The CCC Board of Trustees Executive Committee will meet with the plaintiff, defendant, and President, and reach a decision. This decision will be considered to be the final word on the matter (1 Corinthians 6: 1 - 14).

**Course Repetition**
Students who have earned a ‘C’, ‘D’ or ‘F’ in a course may repeat that course. Only the higher/highest grade will be counted toward the student’s GPA. All attempts of any particular course will be shown on the transcript and, for financial aid purposes, will count toward total units taken. (Contact Financial Aid for more information).

**Incomplete Course Work**
If a student is unable to complete the course work for a semester due to extreme circumstances (e.g., economic hardship, physical/emotional illness confirmed by a physician, family tragedy, etc.), the student may be granted an extension by means of a written request to the Vice President for Academic Affairs. Within one week from the date the extension is granted, the student must submit a written plan for completing the work to the Vice President of Academic Affairs. Incomplete assignments and examinations from the fall semester must be completed by the end of the next spring semester. Incomplete assignments and examinations from the spring semester must be completed by the beginning of the ensuing fall semester. No further extensions will be granted after these deadlines. Penalties for late work are left to the instructor’s discretion.

**Incomplete:**
An Incomplete is given at the discretion of the instructor. However, the following restrictions apply.

1. The student must request it.
2. Reasons acceptable to the instructor must be given for the request such as: sickness, emergency or extra work hours may be acceptable. The instructor should have reasonable assurance that the reasons offered are genuine. No application need be filled out, and no fee is charged. The incomplete is for a maximum of four weeks. Examinations may be part of an incomplete.
3. If the student does not turn in the required work without having asked for an incomplete, the instructor must turn in a grade based upon the work completed and the value of the work not completed.
4. The request for an incomplete must be made no later than the scheduled day of the course’s final exam and must be made directly to the instructor involved.

5. When an incomplete is to be given, the instructor must file a grade of incomplete in Populi and/or with the registrar.

6. When the work is completed, the instructor must change the incomplete to a letter grade in Populi and/or notify the registrar. Should the work not be completed in the required time, a letter grade must be given for the course in Populi, and the registrar must be notified.

**Extensions**

Extensions are long-term agreements between an instructor and a student if it is determined that the agreement would be academically beneficial to the student.

The student must petition for an extension. Extensions require the approval of the Academic Committee.

The procedure for entering into an extension agreement is:

1. A deadline for having the work completed must be agreed upon by the instructor and the student.

2. The proposal will be submitted to the Academic Committee by the student, who will delineate the reasons for the request along with the projected date of completion.

3. If the Academic Committee approves the request for an extension, an agreement will be registered on a form completed by the instructor and the student. It will be placed in the student’s academic file.

4. When the work is completed, the instructor will submit a grade for the course in Populi and/or to the registrar. Penalties for late work are left to the instructor’s discretion.

5. If the work is not completed on time, the student will receive an F for the course.

6. The student will be charged $25.00 for the extension and must apply 2 weeks before the end of the semester. A late fee of $10.00 will be charged for extension applications after the deadline. These fees will be paid to the bookkeeper.

7. Only one course per semester may be extended except in cases of illness (verification by physician may be required at the discretion of the Academic Committee).

**Attendance**

**Chapel Attendance Policy**

Because CCC is a Christian school, chapel attendance is a requirement for graduation for all dormitory students, all full-time students, and students registered for 9 or more units who are enrolled in a degree program. Chapel messages are brought by administrative personnel, faculty, a variety of visiting speakers, with occasional programs presented by student organizations.

Chapel services convene each Monday, Wednesday, and Friday at 9:00 a.m. All students for whom chapel attendance is required must meet in the designated chapel area for services. Students are permitted only one unexcused absence per month. Chapel requirements apply even if a student is excused from attendance due to scheduling conflicts. In such cases, the student must arrange alternative experiences with the Dean of Students to fulfill chapel requirements.

**Class Attendance Policies**

The classroom is the defining element of the college experience. Courses are designed to help prepare students for life. Class attendance is required to ensure students receive and achieve the most during their CCC experience. Instructors at CCC are required to report attendance. This requirement comes from two sources. First, there is the legal aspect. The college must record and maintain accurate records of student attendance. When the college is examined by the state, the examiners carefully consider student attendance. Second, the student’s attendance record becomes part of the student’s permanent academic record. Each instructor is required to register attendance for every class period.

It is the responsibility of each student to attend classes faithfully. Enrollment requires attendance. Students who miss twenty-five percent or more of any course may forfeit their right for credit in that course. The student is solely responsible for absences, assignments for work missed while absent, and communication with the Instructor about any absence.

**Absences/Tardies**

1. Trip absences must be cleared before they occur. This includes trips made by the student in the interest of CCC.
They must be cleared through the office of the Dean of Students in cooperation with the individual instructor(s) involved. Any trip absences not cleared as described here will be considered as unexcused absences.

2. Emergency absences are to be cleared by the first class period after the student returns to class from the emergency situation. These absences must be cleared through the office of the Dean of Students in cooperation with the instructor(s) involved. Emergency absences not cleared the first day the student returns to class will be considered unexcused absences.

3. Any absence that is questionable in nature, obviously inexcusable, or reflects a tendency toward excessive absences, will be reviewed by the office of the Dean of Students for appropriate action.

4. The following formula defines excessive absences:
   - Twelve (12) or more absences for a three (3) hour course.
   - Ten (10) or more absences for a two (2) hour course.
   - Four (4) or more absences for a one (1) hour course.

5. Unexcused and/or excessive absences are used to determine the final semester course grade. The following formula is used to determine that grade:
   - If a student misses ten percent or more of his/her class time in any course, his/her letter grade for that course will be dropped one letter grade, twenty percent or more, two letter grades, 25 percent or more will result in failure of the course.

   The following formula is used to determine this 10% ratio:
   - Six (6) or more absences for a three (3) hour course.
   - Four (4) or more absences for a two (2) hour course.
   - Two (2) or more absences for a one (1) hour course.

   The following formula is used to determine this 20% ratio:
   - Ten (10) or more absences for a three (3) hour course.
   - Seven (7) or more absences for a two (2) hour course.
   - Three (3) or more absences for a one (1) hour course.

   The following formula is used to determine this 25% ratio:
   - Twelve (12) or more absences for a three (3) hour course.
   - Ten (10) or more absences for a two (2) hour course.
   - Four (4) or more absences for a one (1) hour course.

6. In the case of excessive absences students will be required to obtain special permission from the Vice President for Academic Affairs, in cooperation with the Dean of Students and the Instructor, to remain in the class. The following formula is used to determine this special permission requirement:
   - Twelve (12) or more absences for a three (3) hour course.
   - Ten (10) or more absences for a two (2) hour course.
   - Four (4) or more absences for a one (1) hour course.

   Should special permission be required for a student to remain in a class because of absences, the student, instructor, Dean of Students and Vice President for Academic Affairs will work out the requirements necessary to allow the student to return to class.

7. Three tardies count as one unexcused absence.

8. For 3-unit classes that meet twice per week, each absence will count as 1.5 absences. For 3-unit classes that meet once per week, each absence will count as 3 absences.

9. For 2-unit classes that meet once per week, each absence will count as 2 absences.

**Extracurricular Activities and Absences**

Students are not considered absent while participating in or traveling for extracurricular activities. Extracurricular activities include musical ensembles, drama, and other college-sponsored activities which require the student to travel under the auspices of CCC. Eligibility to participate in extracurricular activities is the responsibility of the student. Eligibility is maintained by keeping a 2.00 GPA throughout the semester and suitable class attendance. A student becomes ineligible to participate in extracurricular activities if the student has accumulated excessive unexcused absences.

The following formula defines excessive unexcused absences for students participating in extracurricular activities:
   - Ten (10) or more absences for a three (3) hour course.
   - Seven (7) or more absences for a two (2) hour course.
   - Three (3) or more absences for a one (1) hour course.
Absence Exemption (Excused Absences Policy)

Rationale for Policy
Students who accumulate more than the allowed number of unexcused absences will automatically fail a course. State law requires in-class clock hours for the granting of class credit.

Definition
Absence exemptions must fit into one of the following categories:
1. Administrative/counseling appointments with CCC Administrators (this does not include pastors).
2. Pre-approved co-curricular involvement (Sounds of Joy, Men’s Retreat, etc.)
3. Bereavement (funeral of a family member).
4. Illness with written verification from a doctor, parent/legal guardian or Dorm Supervisor.

Qualification
In order to avoid conflict even in these cases, bear the following in mind:
1. It is the student’s obligation to let an administrator know if an appointment will conflict with the student’s class schedule. Our administrative concerns should not be allowed to overrule the instruction.
2. The student’s assigned work must be received by the teacher in advance of the pre-approved co-curricular event. AND, if the instructor desires to assign extra work in order to compensate for the missed class time, that is the instructor’s prerogative and will be fully supported by the Vice President for Academic Affairs and President.
3. Absence exemptions for funerals only apply to the funerals of family members.
4. Simply being homesick is not an excused absence. A doctor, parent/legal guardian or Dorm Supervisor must verify the illness in writing. Doctor’s offices are accustomed to this form of compliance, and usually have form letters for this purpose.

General Provision
All classroom assignments are still required, whether for excused or unexcused absences. In the past it has, unfortunately, been a student stratagem to feign illness in order to gain more time to finish an assignment or to cram for a test. This is entirely too convenient and is always suspect. No student will be allowed to take a test for full credit or hand in an assignment for full credit without a doctor’s verification of illness.

Procedure for Notification
Students must file in writing for an absence exemption. This should be done by filling out a Request for Absence Exemption form supplied by the Vice President for Academic Affairs. The student alone is responsible for filing this request. The Vice President for Academic Affairs will consider the request, authorize or reject it, and the appropriate instructor(s) and the student will be notified.

Appeal Process
Students who are in violation of the absentee policy may appeal the loss of course credit to the Academic Committee within 10 days of the unexcused absence by filing a written appeal with the Vice President for Academic Affairs. The Academic Committee, in conjunction with the student’s instructor(s), will consider the appeal. The student will be notified of the decision within 30 (thirty) days.

Leave of Absence Policy

Explaination
On some occasions, students may wish to interrupt their regular education for one month or less while clarifying educational goals, gaining practical experiences away from campus, enhancing the prospect of successful completion of an academic program, or seeking guidance with personal or spiritual problems. In that event, a leave of absence may be advisable.

Qualifications
A student must have completed at least one semester of course work at CCC and be in good academic standing (minimum 2.00 GPA) to qualify for a leave of absence. International students attending on F-1 visas are not eligible to participate in this program.
ACADEMIC POLICIES

Procedure
The student must submit a letter stating the reason(s) for desiring the leave of absence to the Vice President for Academic Affairs, with a projected date of return to CCC. The student may obtain a Leave of Absence Request Form from the office of the Registrar or Vice President for Academic Affairs. The student is responsible for making sure any Federal Financial Aid requirements are satisfied pertaining to the leave of absence.

If the student does not return from the leave of absence, the student’s official withdrawal date will revert to the first day of the leave of absence. The student will sign a statement to this effect.

Restrictions
The leave cannot exceed 30 days, unless the next point at which the student can reenter the course is more than 30 days away. In that case, the student is advised to:
1. Withdraw from the course, receiving pro rata refund if applicable; or
2. Petition the Vice President for Academic Affairs for an incomplete grade, in which case the student and instructor may outline requirements for finishing the course work. (Time frame for completing course work for Incompletes: spring semester Incompletes have until the beginning of the next fall semester; fall semester Incompletes have until the end of the ensuing spring semester.)
3. If the reason is medical, up to six months may be granted with a doctor’s statement.
4. Additional charges will not be assessed during the leave.

Readmission
Students who have withdrawn from college because of academic deficiencies may be considered for readmission after an absence of one semester. They must request in writing to resume studies and be willing to meet personally with the Academic Committee. The Academic Committee will determine the advisability of readmission.

Automatic Drop Policy
The calendar for each academic year designates specific dates as the last day to add, drop, or withdraw from specific courses or from the institution. If a student enrolls in CCC but does not attend any class after enrollment, once the add/drop/withdraw date passes, that student is automatically considered to have dropped. However, if the student desires CCC to release any information, he/she must complete and sign the Notice of Cancellation available in the Registrar’s Office. Professors will be instructed to drop the student from their rosters at that time. Please note that it is not CCC’s responsibility to contact the student.

For the purpose of determining a refund, a student shall be deemed to have withdrawn from a course of instruction when any of the following occurs:
1. The student notifies the institution of the student’s withdrawal or of the date of the student’s withdrawal, whichever is later.
2. The institution terminates the student’s enrollment as provided in the enrollment agreement.
3. The student has failed to attend classes for a three-week period. For the purpose of determining the refund, the date of the student’s withdrawal shall be deemed the last date of recorded attendance. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of the three-week period.
4. The student has failed to submit three consecutive assignments or has failed to submit a completed assignment within 60 days of its due date. The date of the student’s withdrawal shall be deemed to be the date on which the student submitted the last completed assignment.
5. CCC has the burden of proof to establish the validity of the amount of every refund. The institution shall maintain records for five years of all the evidence on which the institution relies.

Course Cancellation Policy
CCC reserves the right to cancel any course that does not have a minimum enrollment of five (5) students at the beginning of the semester. All efforts will be made to ensure the necessary student population for the course, but, because students have liberty to choose their own sequence in lower level courses, it is not possible to guarantee it. Unfortunately, courses are canceled virtually every semester. Any instructor whose financial situation will not allow him/her to wait until the last minute to see if his/her class will be taught should understand that the college is sympathetic to this situation. But until a larger student population is involved in CCC, this situation has to be handled semester by semester. In the event of a course cancellation, the college is under no obligation to the instructor.
Drop Course Policy

Conditions: To withdraw from a class, the student must discuss that withdrawal with the Vice President for Academic Affairs and fill out the appropriate forms. Please note that none of the following provide acceptable reasons for dropping a course: failing grades/poor performance; dissatisfaction with course subject matter, nature of class sessions, or instructor(s); day(s) and/or time(s) of class meetings.

Procedure
1. Discuss withdrawal from course with the Vice President for Academic Affairs
2. Procure a “drop course form” from the Registrar’s office.
3. Have the course instructor complete and initial the form.
4. Take the form to the Librarian to be initialed. The Librarian must sign the form.
5. Return the completed form to the Registrar’s office. The Registrar will finalize the form and turn it over to the secretary who will do the necessary work of adding it to your permanent file.

Deadline: If a student wishes to drop a course and not have it appear on his/her permanent record, it must be dropped no later than the fifth day of classes. If a student drops a course any time after the fifth day of classes through the last day of classes before Midterm exams, the student will receive a “W” grade for the course. Withdrawals are not permitted following the 10th week of the semester except in circumstances beyond the student’s control that do not allow continuance. If a student drops a course any time from Midterm exams until the end of the semester, the student will receive a “WP” or a “WF” grade depending on the actual letter grade at the time the course is dropped.

Consequences: It is the responsibility of the student to follow the described procedures in dropping a course. Failure to do so will result in an automatic drop and thus failure of the course.

It is important to note that if an on-campus student drops a course and, as a result, that student’s total number of units drops below the required number to live on campus (10), the student must immediately move off campus. It is further important to note that, if a student is receiving financial aid, dropping a class could have an effect on the financial aid status of the student. It is the student’s responsibility to notify the Financial Aid Coordinator immediately. For those students who are taking the minimum number of hours to participate in extracurricular activities (ensemble, drama, or sports), this means they must drop out of those activities immediately.

Students dropping any individual course (not withdrawing from enrollment in the program) will be charged on a pro rata basis for the part of the class they have attended (see refund information).

Withdrawals from the College
Withdrawals from college are not permitted following the 10th week of the semester, except in circumstances beyond the student’s control that do not allow continuance (e.g., serious illness, accident, or death in the immediate family). Failing, performing poorly in courses or dissatisfaction with subject matter, classes or instructor are not acceptable reasons for withdrawal. The Academic Committee must approve petitions for withdrawal beginning with the 11th week of school through the last day of finals. Approved withdrawals will result in "WP" or "WF" depending on actual grade at the time of the withdrawal.

Description of Student Rights under the Student Tuition Recovery Fund
The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents and are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education. You may be eligible for STRF if you are a California Resident and are enrolled in a residency program, prepaid tuition, paid STRF assessment, and suffered an economic loss as a result of any of the following:
1. The school closed before the course of instruction was complete.
2. The school’s failure to pay refunds or charges on behalf of a student for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school’s failure to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.

5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

**BUYER'S RIGHT TO CANCEL**

The student has a right under California Education Code, section 94909 (a) to cancel this agreement at any time and receive a refund in accordance with this institution’s refund policy. The student must complete a withdrawal form expressing the student’s desire for withdrawal or leave of absence. The forms may be obtained from the college Registrar’s Office. The form should be completed by the student and returned to:

Registrar, California Christian College, 4881 East University Ave., Fresno, CA 93703.

**REMEMBER:** CANCELLATIONS MUST BE DONE IN WRITING. Students do not have the right to cancel by simply telephoning the College or by not attending class.

**Graduation**

**Graduation Policy and Procedures**

1. Graduation will follow a standardized process for the sake of expediency, dignity, and clarification of educational requirements.

2. The process will enable administration and student to accurately plan for educational requirements, assessment procedures and ceremonial exercises, which are normally expected in the graduation process.

3. Accreditation standards require a policy and procedure for graduation.

4. Assessment and ceremony are generally accepted practices for postsecondary educational institutions.

**Policy**

1. **Mandatory Requirement:** All students will observe and fulfill the graduation requirements, policies, procedures and ceremonies normally expected in graduation unless providentially hindered or excused by special permission of the Academic Committee.

2. **Verification of GPA, Course Requirements, Chapel and Christian Service for Graduation:** Candidates for graduation must present a cumulative grade point average of at least 2.00 for graduation. Candidates must be certified by the Registrar to have completed or be enrolled in courses that will fulfill their general and specific course requirements. In addition, candidates must be certified by the Dean of Students as having attended the requisite number of chapels (as determined by the college) and by the Christian Service Director as having fulfilled the Christian Service requirement.

3. **Residency Requirements:** Transfer students must complete a minimum of 16 units at CCC (one full semester’s attendance [16 units taken during the same semester]) in order to qualify for graduation with an Associate of Arts degree. Transfer students must complete a minimum of 32 units at CCC (one full year’s attendance [two sequential semesters]) in order to qualify for graduation with a Bachelor of Arts degree.

4. **Graduation Honors:** Students of outstanding academic achievement are recognized with appropriate honors at graduation. Honors are bestowed upon Bachelor degree graduates who have completed a minimum of sixty (60) hours through California Christians College and have achieved the following levels of performance:

   - **Cum Laude:** 3.25 – 3.49 GPA
   - **Magna cum Laude:** 3.50 – 3.74 GPA
   - **Summa cum Laude:** 3.75 – 4.00 GPA

5. **Residency Requirements:** Students must complete at least sixty (60) hours in residence to qualify for Valedictorian or Salutatorian honors. Students who transfer with an advanced standing must be full-time students and complete a minimum of twenty five percent of their degree requirements at California Christian College. Generally, the semester immediately preceding graduation must be spent in residence at CCC.

**Exclusion/Exceptions**

1. No student is excluded from graduation requirements except by direct action of the Board of Trustees upon the request of the Academic Committee. (Examples of circumstances calling for exceptions to the rule would be debilitating illness, family tragedy, or posthumous award of a degree.)
2. No student is exempt from graduation exercises unless the Board of Trustees so requests it with the support of the Academic Committee, or the Academic Committee grants special permission because of providential hindrance or severe extenuating circumstances.

**Program Evaluation**
A program evaluation form specifying the major will be filed with the student’s academic record. This form will bear the signature of the Vice President for Academic Affairs, signifying that the program has been chosen with faculty guidance. The student will follow a specified track of studies. Electives are acceptable only when fulfilling elective requirements within the chosen program.

**Procedures**

**Graduation Qualification**
1. Each student’s academic progress will be tracked in *Populi* and on the *Program Evaluation Sheets* for each degree program (Associate of Arts in Liberal Studies; Associate of Arts in Bible and Christian Ministry; Bachelor of Arts in Bible and Theology; Bachelor of Arts in Bible and Christian Ministry). The Registrar is responsible for entering the necessary items with dates each semester.
2. Transfer units will be noted as such in *Populi* and on the Program Evaluation Sheets.
3. Students will receive confidential copies of their updated evaluation sheets each semester.
4. At the beginning of each semester, the Registrar will provide the Academic Committee with a roster of potential graduates for that semester.
5. The Registrar will notify potential graduates concerning their academic progress and forward a *Petition for Graduation* to each of them.
6. Students must submit the completed Petition for Graduation to the Registrar’s Office by October 15 for fall completions, by March 15 for spring completions.
7. Students proceeding toward graduation will be instructed to contact the graduation director for further information.
8. Each candidate for graduation will re-take the Bible Content Exam to ascertain his/her progress since first enrolling at CCC.
9. Each candidate for graduation will participate in an exit interview with the Assessment Director and/or other designated personnel.
10. All financial obligations must be paid in full (or acceptable arrangements made) before a student can participate in graduation exercises, receive an official transcript, or be granted a diploma.
11. The name of the degree and the date on which the degree was awarded will be noted on the student’s permanent academic record (transcript).

**Honors**
1. Students’ cumulative grade point averages are used to determine graduation honors. Students who graduate *Cum Laude, Magna cum Laude, and Summa cum Laude* will receive special certificates.
2. Hours in residence at CCC and cumulative grade point averages are used to determine the Valedictorian and Salutatorian of the graduating class. Graduates receiving this recognition will receive a special certificate.
3. The Faculty and Staff of CCC nominate and select students for institutional awards, honors, and/or scholarships.
4. Students qualifying for National Awards are nominated for such honors by the Academic Committee and Registrar.
5. Graduates who receive special honors will be recognized during the Commencement Ceremony. Records of special awards and honors will be placed in the student’s permanent file.

**Student Records**

**Retention of Student Records**
CCC maintains personal, academic, and financial aid files on every student. Each file contains pertinent information concerning insurance coverage, automobile operation, and addresses and telephone numbers of parents/guardians, students (home and local), as well as employer information.

An academic program form is kept in each student's academic file, listing the required courses for the student’s course of study. This form is updated after every semester to keep track of the student’s progress toward completion of the course of study.
ACADEMIC POLICIES

The Registrar maintains a yearly list of graduates and their degrees. The criteria upon which the degree is granted can be ascertained by examining the graduate's transcript, academic progress forms, course syllabi (available in the office of the Vice President for Academic Affairs), and pertinent College Catalogs.

Based on the graduate’s transcripts, the academic progress forms, and pertinent academic catalogs, the criteria upon which the degree is granted may be ascertained. The curricula may be ascertained based upon an examination of the syllabi filed with the Vice President for Academic Affairs.

CCC has maintained student records since 1968 at its principal place of business within the state of California and will continue to maintain a student’s records for 50 years after his/her attendance. Records are available for inspection by the council or the Attorney General of California during normal business hours. The primary location for academic files is the Registrar's Office, including the records of graduates and current students. Curricula and syllabi are maintained by the Office of the Vice President for Academic Affairs.

Transcript Requests
Transcript requests should be submitted to the Registrar’s Office along with a $5.00 fee for each copy. CCC does not issue transcripts on behalf of former students who have unpaid balances with our financial department or who are in default on any student loans. Official transcripts for admission to other colleges will not be issued to the student. Transcripts will be released or forwarded as requested upon receipt of the appropriate fee, after it is determined that there is no unpaid balance on the student’s account and all required information is correct and in hand.

Pro Rata Transcripts
New legislation in California has reformed the way institutions of higher education may withhold the grades and transcripts of a defaulting student. California Assembly Bill 2589 (the Higher Education Omnibus Bill) sets forth this new method of withholding when a student is in default on a loan or tuition contract in Educational Code section §94312(k). If the student has made partial payment, the portion of grades or transcript withheld would correspond on a pro rata basis. If the default involved consists of only one course, the institution may withhold the grade or the transcript until the tuition or loan obligation is paid in full.

Upon remission of the unpaid balance, CCC will comply with any transcript request that follows the procedures specified above. Any request concerning transcripts must be in written form.

A student who was disqualified at another college or university needs to contact the Admissions Office for instructions on applying to California Christian College.

GENERAL INSTRUCTIONS FOR ALL APPLICANTS
Students who are interested in applying for admission to California Christian College should request application materials from the Admissions Office. Applications for admission are accepted until the last working day before the first day of scheduled classes. (See current calendar for specific date). Students must complete the application process and be admitted to the college prior to end of the 5th working day after classes begin in order to enroll in the current semester. Notification of admission to the college is done for each applicant on an individual basis. Notification of acceptance will be sent as soon as all necessary documents are on file.

PRIORITY APPLICATION DATES
California Christian College does have priority dates for applying to the college. Some of these dates are tied to eligibility for certain financial aid awards. Check with the Admissions Office for the current year’s priority deadlines. Also, applications received after the 5th working day of the current semester will be considered for admission to the next semester. Transcripts submitted for admission or credit transfer become the property of California Christian College and cannot be returned to the applicant or forwarded to other institutions.

Those in need of financial aid should file a Free Application for Federal Student Aid (www.fafsa.ed.gov.) at any time after January 1st for the next school year. It is highly encouraged that the FAFSA be submitted by March 2nd because some aid is based on this date of filing (i.e., Cal Grant). Contact the Financial Aid department or see the Financial Aid section of this catalog for more information.

ORIENTATION AND REGISTRATION

Orientation of New Students
In order to help make the transition to college a happy and effective one, the Vice President for Academic Affairs and Dean of Students organize college orientation. The activities and seminars, which are held prior to and/or during the beginning of classes, are designed to help new students become acquainted with the college, faculty, staff, programs of study, policies and procedures, and classmates. New students will take the course placement exams prior to or during the orientation process. Since the orientation program is part of the registration process, participation is required. Orientation for students entering the spring semester is part of the registration process.

As a prospective student, you are encouraged to review this catalog received at orientation prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing and enrollment agreement. A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 toll-free or by completing a complaint form, which can be obtained on the bureau’s internet website: www.bppe.ca.gov.

Enrollment
Prior to enrollment a student must be officially accepted to California Christian College. Advising and registration take place prior to the beginning of classes in both fall and spring semesters. Students will also take the college placement tests prior to selecting classes. After the academic advisor or Vice President for Academic Affairs has approved the student’s schedule, presenting the completed registration form and other required materials to the Registrar’s office and paying the appropriate fees in the Business Office completes registration. The Registrar must receive all necessary information before a student may enroll in class.
Late Registration
Students who are not able to complete registration prior to the beginning of classes may register during the first five (5) working days of classes and are subject to the late registration fee (contact the Business office for current amount). No student can be admitted or register for classes after the 5th day of classes each semester.

Adding and Dropping Courses
Students are officially enrolled in all courses listed on his/her registration form. If a change in registration becomes necessary, forms for requesting the change may be obtained from the Registrar’s Office. Courses may be added through the 5th working day of classes. See the academic policy section and financial information section of this catalog for add/drop deadlines and refunds on course or college withdrawal.
Academic Programs
Each program of study offered by CCC includes courses in biblical studies and Christian ministry, in addition to prescribed general education classes. The Associate of Arts in Liberal Studies emphasizes general education courses and provides an option for students desiring a Christian College experience without heavy emphasis in Bible, theology, and ministry classes. This program provides the best opportunity for students planning to transfer to other institutions to complete majors not offered by CCC. The Associate of Arts in Bible and Christian Ministry, the Bachelor of Arts in Bible and Christian Ministry, and the Bachelor of Arts in Bible and Theology all require concentrations of courses in Bible, theology, and ministry. Students who complete the A.A. in Bible and Christian Ministry are well equipped to serve in positions of lay leadership in the church. Those completing one of the B.A. programs will be prepared to enter vocational ministry and/or to continue their educational pursuits in seminary. In conjunction with a local para-church ministry called Care Fresno, CCC also offers a certificate program in Urban Leadership.

Certificate Program
Certificate in Urban Leadership
Students complete a prescribed series of courses offered by CCC in conjunction with the ministry of Care Fresno.

Degrees Programs
Associate of Arts in Liberal Studies
Students have electives under this degree, which they may use for degree emphasis.

Associate of Arts in Bible and Christian Ministry
Students have electives under this degree, which they may use for degree emphasis.

Bachelor of Arts in Christian Ministry
Students have electives under this degree, which they may use for degree emphasis.

Bachelor of Arts in Bible and Theology
Students have electives under this degree, which they may use for degree emphasis.

Degree Specifications
Because CCC is first and foremost a Christian college, it is imperative that the Bible be a primary component in all degree programs. In keeping with our mission, and with the stipulations of our association with NCCAA (National Christian College Athletic Association), it is necessary that at least 25% of every Bachelor degree be in Bible or Bible-related courses.

Twenty-five percent (25%) of our courses may be General Education, while approximately 50% must be in the degree major (because of California State Law). Therefore, the number of courses necessary to determine a major, plus the necessary Bible courses and general education courses, raises the number of courses needed to complete a degree at CCC beyond those often found at a more traditional institution.

An Associate of Arts requires 64 units, and a Bachelor of Arts requires an additional 64. Thus, an associate degree will require a minimum of four (4) semesters of attendance, with an average of 16 credit units each semester. A bachelor's degree will require a minimum of four (4) semesters of attendance, with an average of 16 credits per semester.

Notice of Course and Program Requirements
CCC reserves the right to make any necessary changes in course offerings. The student may be held to the catalog in effect at his or her point of entry. Curriculum requirements serve as a guide to program planning and are subject to change.

First Year Student Policy and Procedure
It is the opinion of the academic committee that policies and procedures are necessary to ensure, or at least promote, the academic and spiritual success of first-year students. A number of factors make this policy and procedure necessary:
1. Because CCC has and will continue to operate under an open-door admissions policy (as 5/6 of all U.S. colleges
do), entry-level GPAs are not always considered to be a dominant factor in admissions.

2. Because CCC operates under an Ability-to-Benefit financial aid policy (required by law), it is necessary that applicants to CCC be screened as fully as possible to grant financial aid only to those students we believe have a reasonable chance of completing our academic program. (This benefits us in the long run, to prevent CCC from reaching an unsuitable cohort default rate.)

3. Because many students come to CCC with suitable GPAs but a few weeks of college make it apparent that these GPAs are the result of grade inflation in their school districts, CCC inherits the educational shortcomings of public school districts and private Christian schools.

4. Because many students come to CCC with unrealistic expectations of college life and because of the newfound freedom that accompanies young adulthood, many lack the independent self-discipline necessary to keep up with class assignments and class attendance.

Entrance/Placement Testing
All students will participate in Entrance/Placement Testing prior to their entry to CCC. The results of these examinations provide information concerning students’ ability to succeed in college and/or the appropriate courses for which they should register during their first semester.

OR-BIB 1 Bible Content Examination  No credit
Beginning fall 1994, all students will be tested in Bible Knowledge upon initial enrollment and graduation from one of the Bachelor’s programs. Any student not taking this test on the scheduled testing date will be required to take it before he/she participates in any extracurricular activities. A late-testing fee will be charged for the monitor’s extra time requirements. Administered at the beginning of each semester. Enrollment prerequisite.

OR-ENG 1 English Grammar Proficiency Examination  No credit
All students are required to complete an English language and grammar proficiency examination. The results of this exam will determine if the student should enroll in the non-credit Developmental English class or may proceed with a for-credit English course. Students must take this test on the scheduled testing date to validate enrollment. Any student not taking this test on the scheduled testing date will be required to take it before he/she may participate in any extracurricular activities. Any student not taking this test on the scheduled testing date will be required to take it before he/she may participate in any extracurricular activities. A late-testing fee will be charged for the monitor's extra time requirements. Administered at the beginning of each semester. Enrollment Prerequisite.

OR-MATH 1 Math Proficiency Examination  No credit
All students are required to complete a math proficiency examination. These test results will determine if the student may enroll in the Algebra class or should begin with the non-credit Pre-Algebra course. Students must take this test on the scheduled testing date to validate enrollment. Any student not taking this test on the scheduled testing date will be required to take it before he/she participates in any extracurricular activities. A late-testing fee will be administered for the monitor’s extra time requirements. Administered at the beginning of each semester. Enrollment prerequisite.

Remedial Courses
Students failing to achieve a combined score of 50 on the Math and English Proficiency Exams will not be allowed to enroll in classes. Any student scoring above a combined score of 50 although failing any section of the entrance testing shall be automatically enrolled in a remedial course. Students achieving insufficient scores on testing will not be admitted to the pertinent classes until they have enrolled in and passed the pertinent remedial course(s): Developmental English and/or Pre-Algebra. The necessary remedial course(s) must be completed by the end of the first year of enrollment when possible. In any case, the student must complete at least one remedial course per semester.
Academic Advisement
Each entering student should enroll in specific classes his/her first year of attendance at CCC (with the exception of students whose remedial course work disqualifies them from enrollment in those courses). Students who do not take at least 16 units per semester will not graduate within 2 years with an Associate’s degree or 4 years with a Bachelor’s degree. Students who refuse to take the prescribed number of units and the prescribed courses must sign a statement admitting that they know this to be the case. The second year of attendance at CCC will allow the student opportunities to enroll in elective courses, as well as courses requiring foundational training prerequisites.

Exclusions
Audit Students and non-matriculated students are exempt from orientation, testing, and remedial requirements. Part-time students who attend only evening classes will read and report on all printed orientation materials. They will not be admitted to any class for which testing is required without having taken the appropriate test. Students achieving insufficient scores on testing will not be admitted to the pertinent classes until they have enrolled in and passed the pertinent remedial course.

Continuing Academic Advising Policy
Freshman and transfer students are assigned advisors who help them select their classes and programs. The advisors counsel students concerning academic matters and post-graduation plans. Students may continue under the guidance of the assigned advisor or change to another by formal request. Advisors may also suggest a change. Each student is advised a minimum of two times per year. It is strongly urged that those students who are not doing well in any of their classes be advised at the midterm point of the semester. Accurate records should be kept in the student’s file of all academic advising sessions between the student and the advisor.

The academic advisor must have the following information:
1. Updated individual student program evaluation sheets.
2. Next semester schedule.
3. Long-range course cycle.
4. Information concerning any degree requirement changes.
5. Records of course recommendations to individual students from previous semesters.
6. Current student GPA.
7. Permission from the student to contact instructors to ascertain that current courses will not have to be taken over because of poor student performance.
8. Student work schedules.
9. First year requirements for any student:
   Each entering student will be automatically scheduled in the required classes his/her first year of attendance at CCC (with the exception of students whose remedial course work disqualifies them from enrollment in those courses). Students who do not take at least 16 units per semester will not graduate within 2 years with an Associate’s degree or 4 years with a Bachelor’s degree. Students who refuse to take the prescribed number of units and the prescribed courses must sign a statement admitting that they know this to be the case.
10. Policy and procedure for student who refuses to follow advisors’ recommendations:
    a. If a student refuses to follow the prescribed programs of studies, be sure to explain that he/she may not be able to graduate on time. The student must sign a statement that he/she understands this, which will be placed in the student’s academic file.
    b. No entering student is to take more than 16 hours of studies.
    c. No returning student is to take more than 17 hours without express permission from the Vice President for Academic Affairs. The permission will be based upon the student’s prior academic record.
    d. Should a student desire to change his/her course schedule, the academic advisor should recommend that the student make an appointment with the Vice President for Academic Affairs in order to ascertain the effect the proposed change(s) would have on the student’s degree plans.

Exit Testing
All students will be tested in Bible Knowledge upon initial enrollment. Students completing a Bachelor’s degree will be tested again prior to their graduation. Any student not taking this test on the scheduled testing date will be required to take it before he/she participates in any extracurricular activities, and a late testing fee will be charged for the monitor’s extra time requirements. Entrance testing is administered at the beginning of each semester and is an enrollment prerequisite.
The Associate of Arts in Liberal Studies

Purpose
California Christian College recognizes the need for a strong general education background as foundational for all areas of study. The Associate of Arts in Liberal Studies is designed to address that need. It provides general education courses equivalent to those offered at other educational institutions but within a Christian context, taught by Christian instructors, and informed by a biblical world view. This two-year program allows students who may not sense a call into vocational ministry the opportunity to experience a Christian College environment while accumulating credits likely to transfer into a major at another institution. All of the credits accumulated in the A.A. in Liberal Studies can also be applied directly to a B.A. degree at California Christian College.

Program Objectives: Students who complete the Associate of Arts in Liberal Studies should be able to:
1. Articulate an integrated world view consistent with biblical truth and historic evangelical Christian faith.
2. Discuss and evaluate significant historical events, prominent ideologies, and influential philosophical movements.
3. Analyze and interpret written texts and oral presentations.
4. Communicate effectively in both oral and written form.
5. Display intellectual maturity by applying appropriate methods of critical thinking to problems and issues.
6. Demonstrate competency in computer skills and information literacy.
7. Survey the general contents of the Bible and the historical settings from which it emerged.

The Associate of Arts in Bible and Christian Ministry

Purpose
This two-year degree includes courses in general education, Bible, theology, and Christian ministry. Several interrelated purposes underlie the rationale for this program. First, some students desire to study the Bible and theology beyond the level normally available in the local church but do not plan to pursue a Bachelor’s degree specifically in those disciplines. Secondly, some students do not sense a call into full-time Christian ministry and do not desire a four-year degree, but they choose to attend Bible college for their own personal spiritual development and growth in Biblical knowledge. Thirdly, some Christians seek advanced training to serve more effectively in lay positions within their local church. The Associate of Arts degree in Bible and Christian Ministry strives to meet these needs.

The Associate of Arts degree provides training in both Biblical studies and general education. The courses in this program will also provide the non-ministerial student with a good foundation for general, lay ministry in a local church. The program goals are accomplished by requiring 28 units of general education, 21 core units in Bible and Theology, and 15 units to allow the student to focus in a preferred area of emphasis.

Program Objectives: Students who complete the Associate of Arts in Bible and Christian Ministry should be able to:
1. Demonstrate a general and comprehensive knowledge of the Bible’s content.
2. Articulate an integrated world view consistent with biblical truth and historic evangelical Christian faith.
3. Describe the production, preservation, transmission, and inspiration of the Bible.
4. Interpret the Bible in an accurate, consistent, and effective manner.
5. Explain the biblical concept of ministry and effectively apply it in their personal and professional lives.
6. Discern biblical principles and apply them consistently in ethical decision-making and problem-solving.
7. Communicate the message of the Bible effectively through preaching, teaching, witnessing, counseling, and personal lifestyle.
8. Clarify the biblical basis for a system of Christian doctrine and practice in general and within the framework of the denomination in particular.
9. Use the Bible appropriately in ministry, whether that ministry is a professional Church ministry, Christian lay-ministry, or a para-church ministry.

The Bachelor of Arts in Christian Ministry

Purpose

Bible Colleges such as California Christian College exist for the primary purpose of preparing individuals for ministry in Church-based vocations such as pastors, evangelists, missionaries, Christian education directors, youth ministers, and similar church-related functions. The division of Christian ministries strives to provide students the foundation they need to serve in these capacities. Students who complete the Bachelor of Arts in Christian Ministry will be prepared either to enter directly into the ministry of their calling or to continue their education in graduate school.

The four-year, Bachelor of Arts in Christian Ministry includes courses in three major areas: general education, ministry, and biblical-theological studies. Students may choose an area of emphasis to prepare for a particular field of ministry. Those with a ministry calling to lead the Church should focus on the Bible and its content. The emphasis of this program falls in that area. The goal is to provide the student with a foundation to serve effectively in a pastoral or evangelistic ministry. This is accomplished by requiring thirty-nine (39) units in biblical-theological studies, twelve (12) units in Christian ministry, forty-six (46) units in general education, and thirty-one (31) elective units, a portion of which should be applied to a preferred area of emphasis.

Program Objectives: Students who complete the Bachelor of Arts in Christian Ministry should be able to:
1. Affirm a personal commitment to Christ, to ministry, and to world missions.
2. Articulate a biblical concept of ministry that forms them into servants of God who understand and apply biblical principles for church leadership, church planting, and church growth.
3. Delineate an acceptable understanding of worship, homiletics, and problem-solving skills to provide effective leadership in a ministry position.
4. Interpret and apply the teachings of Scripture accurately and effectively.
5. Engage the contemporary church’s internal and external responsibilities in the multi-ethnic world community.
6. Relate effectively within their denomination(s) in order to multiply their ministry efforts.
7. Demonstrate motivation toward continued personal and professional growth beyond their formal education.

Requirements for completion of the Bachelor of Arts Degree in Christian Ministry

Units necessary for completion of degree: 128 (remedial courses do not count toward the total of 128 units)

The Bachelor of Arts in Christian Ministry is built on the Associate of Arts in Liberal Studies. Students who complete this B.A. degree will also fulfill the requirements for the A.A. in Liberal Studies.

The Bachelor of Arts in Bible and Theology

Purpose and Objectives
The purposes and objectives of the Bachelor of Arts in Bible and Theology are essentially the same as those for the Bachelor of Arts in Christian Ministry. However, the Bachelor of Arts in Bible and Theology requires two semesters of Biblical Theology and two semesters of Greek. These requirements are especially beneficial for students entering the vocational ministry and for those planning to continue into graduate school.

Requirements for completion of the Bachelor of Arts in Bible and Theology
Units necessary for completion of degree: **128** (remedial courses do not count toward the total of 128 units)

Like the Bachelor of Arts in Christian Ministry, the Bachelor of Arts in Bible and Theology is built on the Associate of Arts in Liberal Studies. Students who complete this B.A. degree will also fulfill the requirements for the A.A. in Liberal Studies.

2014-2015 Catalog 47
Certificate Program in Urban Leadership

Purpose
In conjunction with the longstanding Care Fresno para-church ministry, California Christian College offers a certificate in Urban Leadership to students who complete a prescribed series of courses totaling 20 units. The program provides both academic preparation and practical training for individuals who choose not to pursue the Associate or Bachelor degree but who desire to minister in multi-ethnic, urban settings, especially those areas largely abandoned or ignored by the traditional church. Students may also elect to pursue an urban leadership emphasis as part of their Bachelor of Arts program. The certificate requires five, 3-unit classroom courses, plus three supervised field experiences totaling five units.

Program Objectives: Students who complete the certificate in Urban Leadership should be able to:
1. Demonstrate a general knowledge of the Bible’s content.
2. Articulate a world view consistent with biblical truth and historic evangelical Christian faith.
3. Interpret the Bible in an accurate, consistent, and effective manner.
4. Develop and implement a strategy of ministry effective in underprivileged urban areas of contemporary America.
5. Evaluate various approaches to leadership and explain how leadership impacts the process of change in organizations, in communities, and with individuals.
6. Integrate biblical teaching into their understanding of leadership and into their development of ministry strategies.
7. Discern and apply biblical principles in ethical decision-making and problem-solving.

Students can fulfill the requirements for the Youth Ministry Emphasis by completing a minimum of twelve specific units as part of their Associate or Bachelor degree program.

Objectives: In addition to the outcomes for their specific degree program, students who complete the emphasis in Youth Ministry should also be able to:
1. Delineate a philosophy of ministry appropriate for the contemporary youth culture.

Purpose

The primary reason California Christian College exists is to provide an educational foundation for students anticipating involvement in Christian ministry, either vocationally or in a volunteer capacity. The Bible and Ministry Department seeks to prepare individuals for those tasks. In keeping with its mission to train Christian leaders, California Christian College places the Bible at the core of its entire curriculum and at the center of every student’s educational experience. The College maintains that no one is genuinely educated until he/she has acquired at least a minimal knowledge of Scripture. This conviction lies in the confidence that the Bible is the very word of God, and with divine authority and absolute certainty, it speaks about the nature of humanity and the universe, and about the meaning of human history and life. The education provided by the Bible and Ministry Department gives students an educational foundation to enter the ministry of their calling and/or to continue their studies at the graduate level.

Student Financial Aid

The responsibility of meeting the cost of higher education lies with the student and his /her family. California Christian College has established a Financial Aid Office for the purpose of providing financial assistance for deserving students to meet the financial needs of attending college. Financial aid may take the form of grants, loans, on-campus employment, or scholarships in a limited amount. Financial aid is awarded without discrimination as to gender, race, color, national or ethnic origin, age or handicap. There are three basic types, as described in the following paragraphs:

1. Aid backed by funds from the federal or state government
2. Aid from funds administered by the college and/or other denominational sources
3. Aid from private sources

Note: All students should review carefully the required standards of academic progress described at the close of this section of the catalog.

Student Eligibility Requirements for Receiving Federal Student Financial Aid

To receive Federal Student Financial Aid, a student must:

✓ Generally, have financial need (cost of education minus family contribution = financial need).
✓ Have a high school diploma, a GED, or have passed an independently administered test approved by the US Department of Education.
✓ Be enrolled as a regular student in a degree-seeking program.
✓ Be a US citizen or eligible non-citizen and for Cal Grants, a California resident.

6. Eligibility will be determined after the receipt of all documentation and processing has been completed and the student has been accepted to the college.

Types of Aid

Grants

Federal Pell Grant: Funded by the Federal Government, these range up to $5,730 for 2014-2015, depending on the level of need as determined by the Expected Family Contribution (EFC) and the enrollment status of student. The EFC is calculated by the US Dept. of Education and is based on information provided in the FAFSA. A student must be enrolled in a minimum of 3 semester hours to be considered eligible for Pell Grants. These grants are considered gift aid.

Federal Supplemental Educational Opportunity Grant (FSEOG): Also funded by the Federal Government, available to students with more extreme financial needs. The FSEOG at CCC is awarded as an institutional scholarship and is
given with priority to the students with the greatest need. Awards range from $100 to $2000 each year. These grants are considered gift aid.

**Cal Grant A:** Helps high achieving, low and middle-income students who demonstrate financial need pay their college tuition and fees. Funding is available for up to four years for baccalaureate candidates and five years for teaching credential candidates. Awards will pay cost of tuition and fees up to the annual award amount as determined by the state budget adopted each July. These grants are considered gift aid. *Amounts subject to change.*

**Cal Grant B:** Provides a living allowance (access payment) and tuition and fee support to very low-income, disadvantaged students. First year recipients normally receive only the access payment. Continuing students receive both the access payment and tuition and fee support. Funding is available for up to four years for baccalaureate candidates and five years for teaching credential candidates. Access awards range up to $1551. If applicable, Cal Grant B tuition/fee awards are the same as those above for the Cal Grant A program. These grants are considered gift aid.

*Note: The California Student Aid Commission in accordance with the FAFSA determines eligibility for Cal Grants. For specific guidelines, please contact the CCC Financial Aid Office.*

**Loans**

**Federal Direct Loan Program:** Subsidized loans are available to eligible students who demonstrate financial need. The federal government pays the interest while the student is in school. Unsubsidized loans do not require financial need. The student is responsible for the interest. Direct Loans require the student to attend at least half time, submit a Master Promissory Note, and complete entrance loan counseling in addition to the eligibility requirements for Federal Student Financial Aid. Direct Loans are financial aid that must be repaid.

**Federal Direct PLUS Loan Program:** Federal PLUS loans are available to parents of dependent students. The borrower must begin repayment within 60 days after the loan is disbursed, unless the lender approves deferment. Monthly payments are a minimum of $50 and may be higher depending on the size of the loan. Applications for the Federal PLUS loans may be obtained at the CCC Financial Aid Office.

*Note: CCC does not receive gifts from lenders, servicers, or guarantors of student loans in accordance with the Student Loan Sunshine Act.*

**Private Scholarships**

Scholarships become available from time to time at CCC to students who meet specific criteria. Please contact the Student Financial Aid Office for a complete listing. Scholarships are considered gift aid.

**Employment**

**Federal Work-Study Program (FWS):** A limited amount of federal funds are available at CCC to assist students who have established that they need part-time employment in order to pursue college studies. FWS jobs are determined by the student’s needs, skills, willingness to work, job vacancies, and availability of funds.

**Discounts** (Maximum 1 per qualifying student)

**Free Will Baptist**

Any Free Will Baptist student who is a member of a CCC-supporting Free Will Baptist Church shall receive a 5% discount on current semester tuition if the student maintains (based on cumulative GPA) a 3.0 Grade Point Average.

Students whose files are completed after the start of classes will have a disbursement date on a case-by-case basis. Funds are delivered to the school via EFT (Electronic Funds Transfer) and applied to student accounts. Any funds remaining after the student bill is cleared will be given to the student in a check (delivered to student mailboxes on campus) within two weeks. First time student loan borrowers at CCC will have a disbursement date for loan funds 30 days after the start of classes.

**Requirements for Satisfactory Academic Progress (SAP) revised 8/2014**

It is required by federal law to establish specific standards for measuring Satisfactory Academic Progress (SAP). As part of the college standards for continued enrollment, a student must meet the requirements of the SAP policy below to be eligible to receive federal, state and need-based institutional financial aid assistance. SAP will be reviewed at the end of each semester for all active students, based on the criteria outlined below. It is the student’s responsibility to monitor his or her academic progress through Populi and/or the Program Evaluation sheet and to be aware of the requirements of his or her program and SAP standards. Scholarships and other awards may require students to meet higher standards. Veterans Affairs students have additional requirements.

Progress is measured by the following:

1. **Grade Point Average (GPA)**
   Students must earn and maintain a minimum grade point average on a four-point scale and be maintaining a 2.0 cumulative grade point average by graduation. One year certificate programs must maintain a 2.0 GPA. Associate’s and Bachelor’s degree program students must earn a cumulative GPA of:
   - 1.70 for 0-16 units
   - 1.80 for 17-32 units
   - 1.90 for 33-48 units
   - 2.00 for 49 units and greater

2. **Pace**
   Students must satisfactorily complete at least two-thirds or 67 percent of cumulative credit hours attempted.
   Types of Courses and Credit That Are Not Included in this Calculation:
   - 1. Audited coursework
   - 2. Courses dropped with no attendance or last day of attendance in the first week.
   - 3. In progress and incomplete courses
   Types of Courses and Credit That Are Included in this Calculation:
   - 1. All CCC courses not exempted above
   - 2. All transfer credits that have been officially accepted to complete program requirements
   - 3. Repeated coursework

3. **Maximum Time Frame**
   Students must complete their program within the maximum time frame of 150% based on total units attempted compared to the units required in the program. Once the maximum time frame is exceeded the student is considered ineligible for further financial aid and must complete their program without the benefit of these financial assistance programs. Students in a 128-unit bachelor’s degree program may attempt up to 192 units or students in a 64-unit associate’s degree program may attempt up to 96 units.

**Financial Aid Status**

**Warning**

Students who are not meeting GPA or Pace requirements are first placed on financial aid warning if they were in good status the prior term. A student on warning status will continue to receive financial aid for one semester. At the end of the next enrolled semester, students on warning must meet all three requirements to be deemed eligible for continued financial aid assistance. Students who remedy their deficiency and are fully meeting the SAP standards will be considered in good standing for SAP again.
FINANCIAL INFORMATION

Suspension
Students who are on warning status at the end of the term and who do not remedy their deficiency at the end of the term are suspended from receiving financial aid. Students may appeal their financial aid suspension.

Appeals
The suspended student may appeal for reinstatement of financial aid if there were extenuating circumstances which the student feels should be considered. The student reinstated by appeal will be placed on Financial Aid Probation for one semester. If the student fails to make SAP at the end of the probationary semester, financial aid will be terminated; otherwise the student maintains financial aid eligibility.

The appeal should be submitted to the Financial Aid office within 2 weeks of notification of suspension. The Financial Aid Committee will consider the appeal and notify the student in writing of their decision within 4 weeks.

The student is required to provide all of the following:
1. The appropriate SAP Appeal form or letter including a personal statement explaining:
   a. Extenuating circumstances that led to the student not meeting the SAP standards.
      Examples of extenuating circumstances include (but are not limited to):
      1) A period of illness or injury for the student.
      2) A period of illness or injury for an immediate family member requiring the student’s assistance.
      3) Death of a family member.
      4) Family difficulties (financial, divorce, etc.)
      5) Military service.
   b. What actions the student is taking to ensure future academic progress.
2. Documentation to support extenuating circumstance(s).
   Examples of documentation to include (but are not limited to):
   a. Doctor’s notes for period of illness or injury
   b. Letter from a third party (i.e. counselor, pastor, someone knowledgeable of the situation, etc.)
   c. Military service papers
3. Develop a detailed plan showing how the student will meet remaining program requirements, address the SAP standard deficiencies and make reasonable academic progress toward degree.

If a student wishes to challenge the denial of an appeal, they must provide to the FA Coordinator’s Office a clear written rationale for this challenge within two weeks of notification of denial. The FA Coordinator will submit the appeal to the appropriate appeal committee, who will make a determination.

Probation
A student whose appeal is approved will be placed on probation and may receive aid for one additional semester. At the end of that semester, students on probation must meet all requirements to be deemed eligible for continued assistance and be in good standing. If determined by the Financial Aid Committee that the student be given a study plan, the student will be monitored by submitting Weekly Progress Reports to their Academic Advisor.

Financial Aid and Changes in Enrollment Status
Any student receiving financial aid must notify the financial aid office immediately if there is a change in enrollment status (i.e. dropping or adding courses, or changing unit load.) If a student receiving financial aid withdraws from a course, it is probable that all or a portion of these funds will need to be returned to the appropriate institutions. This is mandated according to the Return of Title IV Funds Policy established by the Department of Education. This policy can be reviewed at the CCC Business Office.

Withdrawal and Refund Policy
Federal Student Financial Aid Programs
A student has the right to cancel the enrollment agreement and obtain a full refund of the amount paid for institutional charges less a reasonable deposit or application fee not to exceed two hundred fifty dollars ($250) through attendance at the first class session or the seventh day after enrollment, whichever is later. A notice of cancelation shall be in writing.
Withdrawal may be effectuated by the student’s written notice or by the student’s conduct, including, but not necessarily limited to a student’s lack of attendance.

Refunds will be made in compliance with the applicable regulations of the federal student financial aid programs under Title IV of the Federal Higher Education Act of 1965.

A pro rata refund of nonfederal student financial aid program moneys paid for institutional charges will be paid to students who have completed 60 percent or less of the period of attendance.

4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment again the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number of a taxpayer identification number.

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:
1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all of or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from STRF and you are not required to pay the STRF assessment if either of the following applies:
1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program, or other payer, and you have no separate agreement to repay the third party.

For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of the three-week period.
- The student has failed to submit three consecutive lessons or has failed to submit a completed lesson within 60 days of its due date. The date of the student’s withdrawal shall be deemed to be the date on which the student submitted the last completed lesson.
- CCC has the burden of proof to establish the validity of the amount of every refund. The institution shall maintain records for five years of all the evidence on which the institution relies.

**Course Cancellation Policy**

CCC reserves the right to cancel any course that does not have an enrollment of a minimum of five (5) students at the beginning of the semester.

Note: CCC shall, for all students, without penalty or obligation, refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed one hundred dollars ($100.00), if notice of cancellation is made prior to the first day of instruction.
**Rules of Conduct**

The administration of CCC is dedicated to making the campus a place where Christian ideals are practiced with a spirit conducive to excellent academic achievement and the practice of every Christian virtue. To this end, such regulations as are necessary will be maintained and cheerful compliance will be expected of all that live on the campus or are otherwise connected with the college and subject to its regulations. The *Student Handbook* contains all such regulations. Each student is provided with one upon the completion of registration. Each student is responsible to familiarize himself/herself with the handbook and keep it for future reference. The following are simply excerpts and summaries of some of the more pertinent information to students who are considering attending CCC.

**Automobiles**

All students driving motor vehicles on campus must have the following information on file with the Registrar:

- His/her own driver’s license number.
- His/her automobile insurance company and policy number.

**No student may loan his/her car to another student under any circumstances.** No uninsured vehicles may be used on campus. The campus speed limit is seven (7) miles per hour. Students must lock his/her cars at all times. No student may operate a vehicle without the proper class license or without proper liability insurance. Automotive repairs are not to be performed in the CCC parking lot. Non-running vehicles are not to be stored on the CCC parking lot. Car stereos are to be turned down whenever on CCC property. Any student failing to observe the above mentioned regulations regarding motor vehicles will have his/her driving privileges on campus revoked.

**Medical Responsibility Policy**

CCC does not assume responsibility to provide medical care in the case of accident or illness, and it assumes no responsibility for either, even if the accident or illness occurs on school premises or in the discharge of duties or activities pertaining to the school program. *All students are required to carry their own health insurance coverage.*

**Sexual Harassment Policy**

It is the policy of CCC that harassment of personnel or students, whether by faculty, staff, or students on the basis of race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, sex, or age is unacceptable and will not be tolerated. Harassment can take many forms, verbal and visual, as well as physical. Sexual harassment has been defined by government agencies as follows:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made whether explicitly or implicitly a term or condition of an individual’s employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct has the purpose of unreasonably interfering with an individual’s working environment.

Any member of the college community, faculty, staff or student, who feels that he or she has been the subject of harassment, should notify his or her supervisor, the Vice President for Academic Affairs, the Dean of Students, a Dorm Supervisor, or the college secretary immediately.

The college will take prompt corrective action when it becomes aware of harassment. Anyone who is found, after investigation, to have engaged in harassment will be subject to appropriate sanctions up to and including termination of student status or employment.

**Sexual Assault Policy**

CCC believes that heterosexual union must be reserved for marriage and insists on sexual abstinence for the unmarried. The College believes premarital, extramarital and homosexual forms of explicit sexual conduct to be inconsistent with the teaching of Scripture. Consequently, the College expects all members of its community – trustees, faculty members, students, administrators, and restricted staff members – to abstain from what it holds to be unbiblical sexual practices.
If any member of the community, as defined above, is charged with failure to abide by these sexual standards, the College will invoke the procedures for investigation and, when necessary, discipline in accordance with our disciplinary policies (see Faculty Handbook and Student Handbook).

In accordance with this conviction and policy, we define any sexual activity without mutual and expressed consent as sexual assault. Acquaintance/date rape is a serious problem on college campuses. Every incident will be reported to the Fresno Police Department with the consent of the victim. Any trustee, faculty member, student, administrator, or restricted staff member accused of sexual assault will be suspended pending investigation, and will be expelled upon confession or conviction.

Awareness and clear, assertive communication are the best tools for prevention. CCC ensures that students, faculty, and staff who are victims of sexual assault committed on campus or at a school facility receive treatment and information.

CCC is concerned about the safety and welfare of the students and employees. Therefore, the following policy will be implemented for the protection of students, staff and faculty.

CCC will be open during posted hours. In the event a crime is committed during these hours, the incident should be reported to the Dean of Students. Administration officials with primary responsibility of student and campus activities such as student counselors, deans, or campus residence directors would be responsible for campus security. Students should understand that to violate any municipal, county, state or federal laws is de facto a violation of the rules of CCC.

**CCC is required to report crimes to local authorities such as: murder, rape, robbery, aggravated assault, burglary, motor vehicle theft, liquor law violations, drug abuse violations, weapons possessions.**

In the event a crime is committed after hours, the incident should be reported to the police and to the Dorm Supervisors or Dean of Students, as soon as practicable. Any student, staff or faculty personnel involved in any of the above-mentioned crimes will be subject to disciplinary action. Such violation of the college’s policy could result in suspension or termination and if municipal laws have been violated, the incident will be reported to the local police.

**Student Rights**

**Discrimination Policies and Grievance Procedures**

Title VI of the Civil rights Act of 1964, together with Title IX of the Educational Amendments of 1972, require colleges to “adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints “alleging discrimination based upon race, color, national origin or sex.” The regulations promulgated by the Office for Civil Rights in the Department of Education (OCR) contain specific requirements for dissemination of the discrimination policies and grievance procedures. Notification must be made by memoranda or other written communications distributed to every student. In addition, the regulations require that the policy adopted by the college in accordance with the regulations be prominently displayed in each announcement bulletin, catalog, or application form and that the college apprizes each of its admissions officers of the policy. Grievance procedures are published in the Policies and Procedures Manual, Student Handbook, Faculty Handbook and Catalog.

**Student Grievance/Appeals Policy**

CCC desires to resolve fairly and promptly any student complaints or grievances which may arise. Discipline imposed by the Dean of Students may be appealed in writing within five school days to the Disciplinary Committee. Discipline imposed by the President may be appealed to the Board of Trustees in writing within five school days through the office of the President of the College. The decision of the Board of Trustees is final.
STUDENT LIFE

Due Process Procedure
CCC desires to resolve fairly and promptly any student complaints or grievances which may arise. When students or faculty feel he/she have been mistreated in respect to administrative decisions, discipline, salary, etc., a suggested course of action and guideline for behavior would be, in accordance with Matthew 18 and 1 Timothy 5, as follows:

1. It is, first of all, a personal, private responsibility – not purely an administrative matter. The possibility that the problem may be simply an interpersonal conflict must be settled. The student/faculty member who feels he or she has been mistreated unfairly has the biblical responsibility to meet with the person with whom he/she has the conflict. In like manner, an administration official who has knowledge of a grievance against him or her by another faculty member or student has the biblical responsibility to approach that person with the intent of working out the difficulty. Discipline imposed by the Dean of Students may be appealed in writing within five days to the discipline committee. (The Student Body President, Dean of Students, and one other faculty member make up this committee.)

2. If the problem cannot be solved personally and privately, then, if the parties wish to pursue it further, it becomes a peer-group responsibility. The plaintiff has the opportunity to appeal the decision. The academic committee will serve as the grievance committee. This committee will provide due process for the faculty member of the college. It is the purpose of this committee to discuss matters relating to the welfare of the faculty and staff. All matters given to this committee must be submitted in written form. This committee will bring said matters to the attention of the Vice President for Academic Affairs in writing within five days.

3. If the problem still has not been resolved and the grieving party wishes to pursue the matter, it then becomes a Presidential responsibility – unless the President is the involved administration official. The peer-group should make a report to the President concerning his/her observations and accumulation of facts. The President or other designated official will then meet with the involved parties and attempt to resolve the conflict or satisfy the grievance.

4. If the problem still has not been resolved, and the grieving party still wishes to pursue the matter, it then becomes a paternal responsibility. The CCC Board of Trustee Executive Committee will meet with the plaintiff, defendant, and President, and reach a decision. This decision shall be considered to be the final word on the matter, since 1 Corinthians 6:1-14.

Privacy of Student Records
The Family Educational Rights and Privacy Act (FERPA) require that students and his/her guardians, when applicable, receive written notification of his/her rights under the Act. These rights include the right to (1) inspect and review the student’s educational records, (2) request that a school amend records which they believe to be inaccurate or misleading; (3) consent to the disclosure of information to other individuals or entities, (4) file a complaint with the OCR to seek redress if the college fails to comply with the requirements of the Act; and (5) obtain a copy of the college’s policy. A statement regarding the release of transcripts and the student’s rights appears on every transcript.

No diplomas, grades, or transcripts will be issued to the student until all such damage bills are satisfactorily resolved. No student will be allowed to return to the dormitory as a resident student until such damage bills are properly settled.

3. Each student will need to furnish his/her own bedding & linens and personal toilet articles.

The Dorm Supervisors and/or the Dean of Students may place restrictions on the use of such devices and the content being aired.

6. Student possessions are not covered by the college's fire insurance program.

Campus Crime
The Student Right-To-Know and Campus Security Act of 1990 requires institutions to provide an annual report of campus crime statistics and security measures to all current student and employees, as well as to any applicant for enrollment who requests it. Students with Disabilities

In addition, colleges must adopt grievance procedures that “incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints.” CCC has designated a person for coordination of compliance. Grievance policies are in place and are disseminated in the Policies and Procedures Manual, Student Handbook, Faculty Handbook, and Catalog.

Drug Use by Students

There are numerous employment opportunities for students of CCC in the Fresno community. While the college does
not guarantee to find work for all that seeks it, every possible assistance will be offered to help deserving students find
suitable employment. Counsel concerning professional employment is provided through the Registrar’s Office including
advice on networking, resume preparation, and job interview skills.

Christian Service
Policy and Purpose
A vital part of the educational experience of a student at CCC is practical Christian work through the Christian Service
Department. Christian Service is a requirement for graduation. To help students achieve his/her potential in Christian
leadership, the college has developed a Christian Service Program designed to involve them in 20 hours or one to two
hours of practical ministry each week. CCC is in the business of creating leaders for tomorrow’s ministry! A vital part
of this education is the student’s Christian service. The Christian Service Program provides a means of practical
application of classroom truths. The student’s Christian service provides several benefits:
✓ An opportunity to learn responsibility
✓ An opportunity to strengthen the individual’s faith in God.
✓ An opportunity to learn the importance of commitment and loyalty to God and His Church.
✓ Valuable experience for local Church ministry.
✓ Spiritual growth.

CCC believes that the Church is the body of Christ and the focal point of Christian ministry. The Church, therefore,
should be first and foremost the place of the student’s Christian service.

This can be accomplished by working through local area Churches, conducting services, calling on the sick in hospitals
and convalescent homes, working with children, prison ministries, rescue mission ministries, or in some other capacity
as arranged with the Christian Service Director. Once the Christian Service for the semester has been assigned, the
student may not change that assignment during that semester without special permission from the Christian Service
Director, in accordance with the Church Attendance requirements (see below). Every effort is made to assign students to
Service activities that are best suited to his/her talents and gifts, and most closely related to his/her future ministries.
When church ministry opportunities are insufficient, the Christian Service Director will help to arrange other appropriate
ministry experiences.

Students enrolled in 6 or more units and are in a degree program are required to complete 20 hours or 1-2 hours per week
of Christian Service in each semester of enrollment in order to graduate.

Personnel
Appropriate and timely reports of Christian service and church attendance are required to verify compliance with CCC’s
policy. Failure to do so will be taken as failure to perform Christian service or attend church, and will be dealt with
accordingly.

Devotional Life
The devotional life of each student is considered to be of utmost importance at CCC. A quiet time is set aside daily for the student’s private devotions in order to assist each student to develop meaningful and effective devotional habits. Prayer meetings are regularly scheduled for the entire student body to pray for personal needs, college needs, college personnel needs, Christian service, and the worldwide outreach of the Gospel. Students are encouraged to share his/her concerns with each other in special prayer times.

**CCC reserves the right to determine what is improper dress for attendance at church, recreational activities and Christian service, regardless of the individual church’s allowances.**

Activities & Organizations

Student Government
The student body of CCC exists to cultivate high standards in every phase of campus life. Every student duly registered at CCC shall automatically become a member of the student body, entitled to one vote in student body meetings and elections. The student body works with the faculty and staff of CCC in the organization of promotional events, recruiting efforts, and recreational activities.

Men’s and Women’s Societies
CCC does not maintain traditional fraternities and sororities. Campus societies will be organized by interest and mission rather than by gender or housing.

Musical Promotional Teams: Sounds of Joy
Sounds of Joy is a musical ministry team which travels to local churches promoting the ministry of CCC. Goals:

1. To promote CCC, and recruit prospective students in the local church.
2. To become self-supporting through faith commitments.

Exercise Facilities
CCC maintains a gymnasium with basketball and volleyball capabilities, and an equipped weight room on campus. Each student must go through orientation to utilize the facilities. No guests are allowed to use the facilities unless permission in writing has been granted from the Business Office.
